This week we're loving **HEMSY!**

Who ya gonna call for all your office needs? Kevin! Yep, that's Chris in the new **Ghostbusters!**

Hot, homegrown and hilarious!

Thor blimey! No-one makes a Hollywood hunk quite like us Aussies! Yup, last week our own homegrown hottie Chris Hemsworth had jaws dropping left and right when he rocked up to launch Tag Heuer's new watch collection at Sydney's Royal Botanic Gardens. Needless to say, all peepers were on those piercing baby-blues and gorgeous guns rather than the luxe timepiece the brand's new face was spruiking! And the drool-fest didn't end there, with a website going live last week – complete with teaser photos – for the hotly anticipated *Ghostbusters* reboot, in which Chris plays geeky secretary Kevin. Yep, cute and self-deprecating – much like his funny sketches on *Saturday Night Live* last December! Who says there's no such thing as the perfect man?

When romance goes wrong!

Rate it or hate it, Valentine's Day is just around the corner, so it's only fitting that this week's issue is full of the highs and lows of lurrve.

And just like our fave stars, who share their V-Day horror stories (see page 34), romance doesn't always run smoothly for us normals, either.

Just last week, it was a friend's birthday (let's call her Lou) and her boyfriend (er, Andy) thought it would be a sweet idea to sneak into her apartment and wake her up.

But, you know, these things don't always go to plan. Traffic struck, Andy got there too late and Lou was already in the shower, and while sneaking into her room, he knocked a massive blueberry smoothie off her bedside and into her handbag.

Phone, make-up, cardi, stray tissues – yep, all swimming in purple sludge.

Needless to say, poor Andy had some explaining to do when Lou got out of the shower and found him furiously cleaning all her stuff.

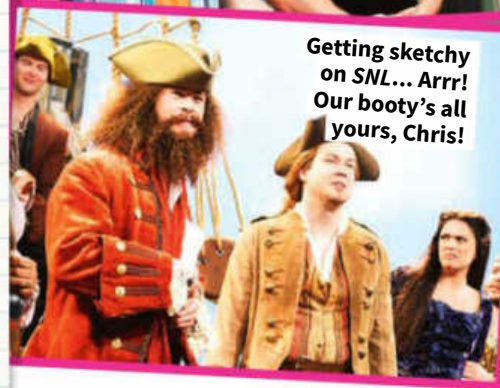

Smoothie moves, buddy!

Enjoy the issue.

Kylie's red-hot breakover!

The sizzling star shows Tyga just what he's losing

We wouldn't blame Kylie Jenner for holing up at her LA pad with a tub of Häagen-Dazs,

following reports her man's been shagging about – but that's not how this star rolls!

Instead of staying home moping after it was revealed that her beau Tyga was possibly doing the dirty on her with look-alike Val Mercado, Kyles stepped out in the most red-hot breakover outfit ever!

The star looked drop-dead gorge as she left a studio in LA on February 3, wearing a skintight latex dress that paraded her killer curves.

Earlier that day, Kylie also steamed up Instagram with a series of sexy

posts, including a snap of herself in nothing but a red bra and knickers – and her trademark pout, natch!

"Her biggest motivation is to show Tyga she's hotter than any of his other women," a source says of the star, who's dropped almost two dress sizes through the stress of recent weeks.

Yep, the savvy 18-year-old seems determined to show Tyga what he's losing. After all, Ky once declared her dating dealbreaker is "when they are flirting with my best friend or are players".

And it looks like she has a class-A ladies' man on her hands with 26-year-old Tyga.

"Kylie doesn't trust Tyga," a source tells US mag *People*.

Rightly so! The rapper's rumoured bit on the side, Val, was seen waiting for her ride outside his \$56,000-a-month LA rental pad following a suspected sleepover on January 18.

According to *DuJour* mag, the "scantly clad" 23-year-old had "matted and slept-on" hair as she shivered at Tyga's front gate.

Best foot forward, Kyles! ■

GIRL ABOUT TOWN

Just three days after Val was reportedly seen doing the walk of shame outside Tyga's house, she was spotted hanging out with him again at a mall in Beverly Hills. The rapper and Instagram star were all smiles too, clearly not caring who saw them!

Is this the new ugly-cry face?

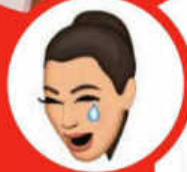

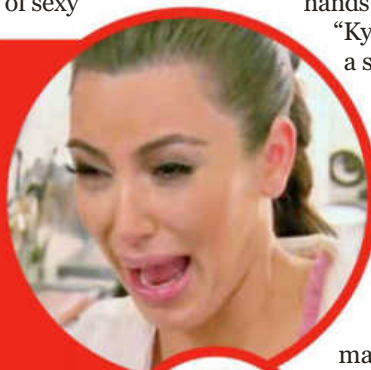

Queen of the ugly cry Kim Kardashian had better move over – there's a new bawler in town!

Yup, it looks like little sis Ky is an emotional chip off the old block, bursting into tears over her love-rat beau Tyga on this week's episode of *KUWTK*. We've seen that look before...

But given Tyga's shady antics with model Annalu Cardoso, 23, aspiring singer Molly O'Malia, 14, and more recently Kylie doppelganger Val, it's no wonder Ky's stoic facade is slipping.

"I just don't know what to do about T," she wept to sisters Kourtney and Khloe Kardashian in the teary scene.

Well, we do, Kylie – and it involves your foot, Tyga's butt and the kerb!

KARDASHIAN LOVE KHAOS!

Porn star tells 'Kanye sent me d**k pics!'

Former stripper and porn star Lisa Ann, 43, has accused Kanye West of sending her naked snaps! We'd love to see Kim confront her hubby about this one...

"I will spend the night organising old emails from Kanye, including the amazing c**k shots he sent unwarranted," Lisa (right) tweeted after he took aim at strippers during his social media grand slam with ex Amber Rose and her estranged hubby Wiz Khalifa just weeks ago.

"I'm sorry, are strippers a new race we don't know about Kanye? You chased them all, me included," Lisa weighed in.

Someone's got some explaining to do!

Ew! Khloe back with French?!

Khloe, 31, and her NBA-pro beau James Harden appear to be dunzo, but did she need to run back to rapper ex French Montana? The pair were spotted at The Nice Guy in LA on January 29 and caught getting cosy at Kylie's radio launch a few days later – now the buzz is they're back on!

But we're not sure why she's crawling back to French, 31, who she split from in 2014.

After all, she said it was a mistake the first time around.

"I jumped into something because I was, like, lonely and destructive," she explained.

Call us cynical, but we don't see this going the distance...

Hands off, mate! Corey's at it again...

Well, what do we have here? Kris Jenner's toyboy beau Corey Gamble, 35, did little to quash rumours about his touchy-feely relationship with Kourtney, 36, after their night out on January 29!

The pair looked closer than ever as Corey tenderly wrapped his hand around Kourt's waist as they left LA hot spot The Nice Guy – and fans were quick to point out their rather cosy behaviour.

"How is Kris always o.k. with that Corey guy always hanging around Kourtney," wrote one online commenter, while another added, "Corey is always behind kourtney and holding her. Probably wishes she was his woman instead of mama Kris." Luckily, Kris, 60, isn't the jealous type!

Not even designer shades could hide Sam's stress during a January 27 outing in Sydney's Paddington

Sam's new Bet aga

After finding her dream man Sasha Mielczarek and landing a top job as a breakfast radio host on Sydney's 2DayFM, Sam Frost should be riding high. But while it might appear that everything has finally fallen into place for *The Bachelorette* babe, her strained expression as she ran errands in Sydney on January 27 painted a very different picture.

Indeed, the usually bubbly 26-year-old looked downright defeated as she made her way to her new Mini Cooper – and it's no wonder given the dramas she's facing!

First up, poor Sam was left red-faced when her one-time pal Kyle Sandilands – and current time-slot rival – cast serious doubt over her future in radio.

And given Sam was once a regular guest on Kyle's show, it's a pretty mean betrayal.

"Rove will stay for at least a year. They will blame that poor girl for the ratings, so they will replace her," the 44-year-old shock jock cruelly blasted. "She doesn't have the radio skills."

And it seems she doesn't have the dollars, either, with *The Daily Telegraph* claiming Sam's banking \$250,000 a year compared to her co-host Rove McManus, 42, who's said to be earning \$3.7 million a year!

Sash is standing by Sam through thick and thin

Cruel Kyle reckons Sam's radio career with Rove is all but over

W heartbreak Prayed ain!

After a series of blows, the pain is written all over her face

Making matters worse, there's talk that Southern Cross Austereo – the company behind 2DayFM – are trying to lure Kyle and sidekick Jackie O back from KIIS FM to replace Sam and Rove in a whopping \$20 million deal!

And, sadly, at a time when Sam needs her girlfriends more than ever, it seems they too are turning their backs.

As well as getting burned by *Bachelor* bestie Laurina Fleure (see breakout), Sam's other co-star Lisa Hyde has admitted their friendship is over, blaming Sam's wild ways.

"I am older than Sam and a little bit more into relaxing and getting a business started and having a partner and not really into the party scene," she says. "It's time for me to kinda cut ties with those people who party a bit too much."

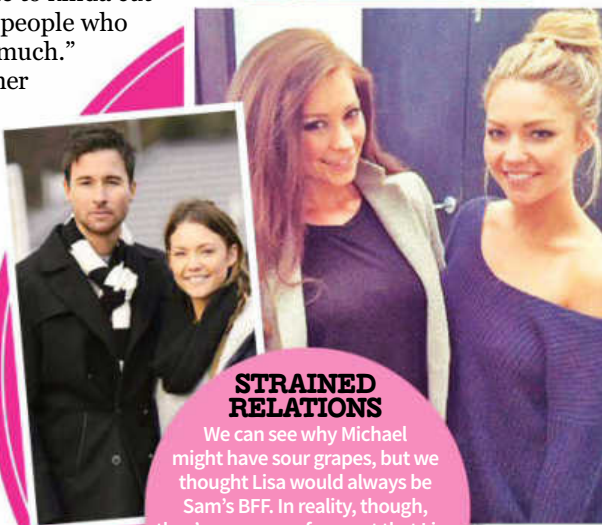

Then there's her *Bachelorette* reject Michael Turnbull, who still seems keen to stir the pot.

In a video posted on Facebook by Fox Sports Football in November, the sportsman joked he was texting Sam behind Sasha's back. Of course, Sam saw red.

"Excuse me? Whether it's said in jest or not, suggesting I'm sneaking around behind my partner's back is offensive and disrespectful to both Sasha and myself," she blasted in the comments section. "Get a grip Turnbull."

But thankfully, as well as her lovely man Sasha, Sam's also got Rove fighting her corner, advising her to stay calm and "weather the storm".

"She's doing a tremendous job and there's nobody else that I'd want to have in that chair talking to me for three hours every day," Rove gushes. "She's just an absolute delight to hang out with, she's so naturally talented. I'm her number one fan." Aw! ■

STRAINED RELATIONS

We can see why Michael might have sour grapes, but we thought Lisa would always be Sam's BFF. In reality, though, they've grown so far apart that Lisa hasn't even met Sasha! "We've just been too busy, you know. It has been hard catching up," says Lisa.

JUNGLE LOVE

Despite dissing *The Bachelorette*, Laurina's been getting plenty of tweets of support from old mate Sam while she's on *I'm A Celeb*. "Yesssss!!!!!! I love this woman!! She is hilarious & just brilliant!" Sam wrote. "Laurina will win this. Easily." Well, if she can survive that epic snake pit (above), she can do anything!

Laurina's surgery confession 'I'VE DONE THE LOT!

She's one hot chick, but *I'm A Celebrity*... *Get Me Out Of Here!* stunner Laurina Fleure has admitted her looks aren't just down to being #blessed!

"I have had quite a few cheeky nips and tucks. I started off having my ears pinned back. I've had my breasts done," says the former *Bachelor* star, who's also had scar-reduction injections following surgery to correct a twisted intestine when she was a baby. "I've had liposuction in my armpits to take away the perspiration glands, so I don't sweat. And I have Botox as well. My forehead still moves but the frown lines don't. I've had a peel. I am all for plastic surgery."

"There are some people who are the ambassadors for living healthy and staying beautiful,

and I am the ambassador for how to party and pull it off!"

Of course, that's not the only truth bomb she's dropped. The outspoken former *NW* commentator caused waves last year when she appeared to take aim at her *Bachelor* buddy Sam, insisting she's too good to follow in her *Bachelorette* footsteps.

"You have to bulls**t and say, 'Oh no, I'm just a numpty who only wants to be on this completely personally exposing experience to find love,'" she says. "I think you seem like a bit of a naff if you've got that mentality."

Hmm... A luxe mansion and a bevy of hot single fellas versus eating bugs in the jungle – we know which one we'd choose!

DOTING DAD

Proud papa Louis just about melted our hearts when he announced the birth of his "little lad" on Twitter, then followed it up with this ovary-squishing photo of himself and tiny Freddie. Aww!

The clucky boy-bander is already gearing up for baby number two!

He's only just welcomed baby Freddie Reign, but it looks like new dad Louis Tomlinson is such a fan of fatherhood, he's gunning for another bub – with his new girlfriend Danielle Campbell!

While becoming a dad at 24 wasn't exactly the plan for Louis, who got his flash-in-the-pan fling Briana Jungwirth pregnant last year, the party boy's paternal instincts are firing on all cylinders.

Many assumed that, given his penchant for partying and his age, fun-loving Louis would leave the heavy lifting to Briana when it came to parenting.

But the One Direction star's embraced his new role and has been involved every step of the way – even renting a house in LA near 23-year-old Briana's

pad so he can see little Freddie as often as possible!

"It's taken everyone by surprise just how well Louis has embraced fatherhood," says a close pal. "He's been totally hands-on, baby-proofing Bri's rental and buying car seats.

"He's madly in love with Freddie and has been telling everyone he wants a football team-sized brood of kids one day!"

Now Louis is reportedly keen for Danielle

's having her bub!

to get to know Freddie, who was born on January 21, in the hopes the actress will get on board with his plans for more children.

But there's one major flaw in Louis's plan – his green-eyed ex

Briana. She's bristling over his hot new romance with 21-year-old Disney star Danielle and doesn't want her anywhere near her son – or her babydaddy! "Briana

wants Louis around. It was hard on her having him start dating another girl while she was pregnant – it was difficult for her," Briana's best friend

Luke Poole tells *Heat* magazine. "She's understandably jealous. Briana likes him and hopes, now the baby's here, that Louis understands she needs to be a more important figure in his life – she's got hope [of a relationship] in the future."

But it's not looking likely for poor Bri, especially with Louis determined to start another family with Danielle!

Indeed, it certainly seems serious for the new couple, who had their first-ever PDA while celebrating Dani's birthday in LA's Venice Beach last week.

"If he's loving fatherhood this much now with a girl he hardly knew, imagine how much more he'll get out of having a bub with a girlfriend he's in love with," adds the insider. "And the way he and Dani are going at it's just a matter of time before we hear the pitter patter of more tiny feet."

Good luck, Louis! ■

Beyonce 'I'll raise this baby alone!'

It's the confirmation we've all been waiting for – that Beyonce and Jay Z are expecting their second baby!

But a bub couldn't come at a more difficult time, amid speculation the couple are on the brink of divorce after years of fighting and reports of Jay Z's cheating.

A new baby may well be enough to fix their marriage, but Jay and Bey aren't leaving anything to chance, with details of their divorce contract revealed last week, including how they'll divvy up their \$1 billion fortune and outlining custody arrangements for their four-year-old daughter Blue Ivy!

"They have a pre-nuptial agreement already in place, but so much has happened in terms of their empire that it's needed updating for some time," an insider told Radar Online. "When they went through their roughest period last year, they both agreed it was time to re-clarify certain aspects of their agreement, but it's taken months to go through all their assets with a fine-tooth comb."

The source also says Beyonce, 34, and Jay Z, 46, have "negotiated 50-50 custody terms, plus trust funds for Blue Ivy and any future children, along with who gets what property and possessions if they separate".

Of course, Bey is ready for a bub, come what may.

"Beyonce's not afraid of being a single mum and she'll raise this baby alone if she needs to," says a friend.

Let's hope it doesn't come to that!

Ryan's run-in with Rachel has left his bae jealous as hell!

Eva Mendes may have given Hollywood's social scene a wide berth since the arrival of Esmeralda – her bub with Ryan Gosling – 17 months ago, but that doesn't mean her babydaddy's hanging up his party pants! In fact, *The Big Short* hottie was determined to let his hair down following the Screen Actors Guild Awards in LA on January 30. Game Of Thrones cutie Sophie Turner's jaw hit the floor when she spotted The Goz at the SAG Awards, as you can see in this sneaky snap. "Sorry boys. I'm off the market," she wrote on Instagram. Well played, Sansa Stark!

Eva wouldn't let Ryan pose with Rachel at the SAG Awards on January 30 – so we mocked up the pic for you. You're welcome!

ES BAN R GOZ!

Game Of Thrones star Sophie Turner – The Goz, 35, was certainly ready to mingle at the Weinstein Company & Netflix SAGs afterparty.

But it was his run-in with former flame Rachel McAdams that really had people buzzing. Indeed, Eva, 41, gave Ryan one rule and one rule only – not to talk to his ex! – so when they accidentally came face-to-face near a bunch of photographers, things got majorly awks!

“Rachel was walking to the bathroom when they had to get past each other in a doorway,” an insider tells *NW*.

“They barely nodded at each other, but there was real fear on Ryan’s face – just one picture of them together and he’ll be on the couch.”

Given their history, it’s hardly surprising Eva’s feeling insecure about her man’s gorgeous ex.

After all, fans were devastated when Ryan and Rachel, 37 – who met while filming *The Notebook* and later fell in love – broke up in 2007 after a two-year relationship.

What’s more, Ryan’s family recently told *NW* that they missed having Rachel in their lives and wished the pair would get back together!

“We really liked her,” Ry’s uncle Kevin Gosling told us. “It sure seemed like Rachel was the one for him.”

Ryan even insists that Rachel – who he briefly reunited with in 2008 – will always have a special place in his heart.

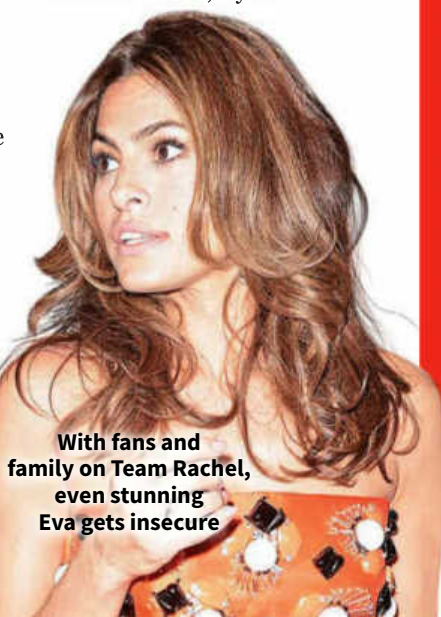

“God bless *The Notebook*. It introduced me to one of the great loves of my life,” he says. “But people

do Rachel and me a

disservice by assuming we were anything like the people in that movie. Rachel and my love story is a hell of a lot more romantic than that.”

Yikes – talk like that isn’t exactly going to get you off that short leash, Ryan! ■

Insiders tell *NW* that Benj, 36, went nuts recently when Cam’s ex Justin Timberlake, 35 – who she dated for four years – tried to contact her.

“They used to stay in touch long after their split, but the moment Benji came on the scene, he put a stop to it,” says our source. “He claims it’s inappropriate and pins it on Justin’s sleazy rep, but everyone knows it’s just him being a control freak.”

Indeed, we’re told the muso is so paranoid that he doesn’t even like Cam, 43, leaving the house without him! Sounds like someone needs to take a chill pill...

ROB AND BLAC'S
SEEDY ROMANCE

Drugs, jail a sex tape

They've only just gone public with their shock relationship, but are the loved-up couple already on a downward spiral?

No-one does a dramatic comeback quite like the Kardashian family – we're looking at you, Caitlyn Jenner – and Rob Kardashian is no exception.

Despite being pretty much off the grid for the last three years, the reclusive sock entrepreneur and his bad-girl babe Blac Chyna have been front-page news since going public with their relationship late last month.

But while some are heralding Blac as Rob's saviour, behind the scenes we hear they're living more dangerously than ever!

Worryingly, we're told recovering addict Rob – who reportedly spent 60 days in

a Florida rehab facility that deals with drug and alcohol addiction last May – is off the wagon!

According to TMZ, someone in the Kardashian clan received a call a few weeks ago from a guy who used to party with Rob, letting them know that their brother had been calling him and others looking to score drugs!

Now there are further fears for the vulnerable reality star's sobriety after Blac was found in possession of two MDMA pills after her arrest at Austin-Bergstrom International Airport in Texas on January 29 for being drunk and disorderly!

While Blac, 27, insists she was totally sober and has

no idea how the party drugs got into her sunglasses case – claiming that a new assistant packed her bags – the police report states that she smelled of alcohol and her eyes were bloodshot.

The report also described her behaviour as “unpredictable, going from extremely angry, cursing at everyone, then to crying”.

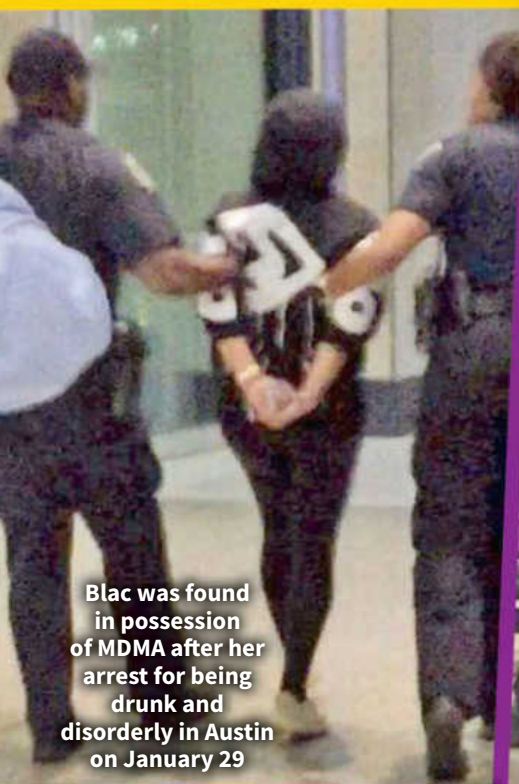

Even more bizarrely, Blac's mother Tokyo Toni went on to point the finger of blame at Kris Jenner and her brood, accusing them of setting her daughter up!

But Rob, 28, is standing by Blac – who of course is the ex partner of Rob's sis Kylie Jenner's on-off beau Tyga! Incestuous much?

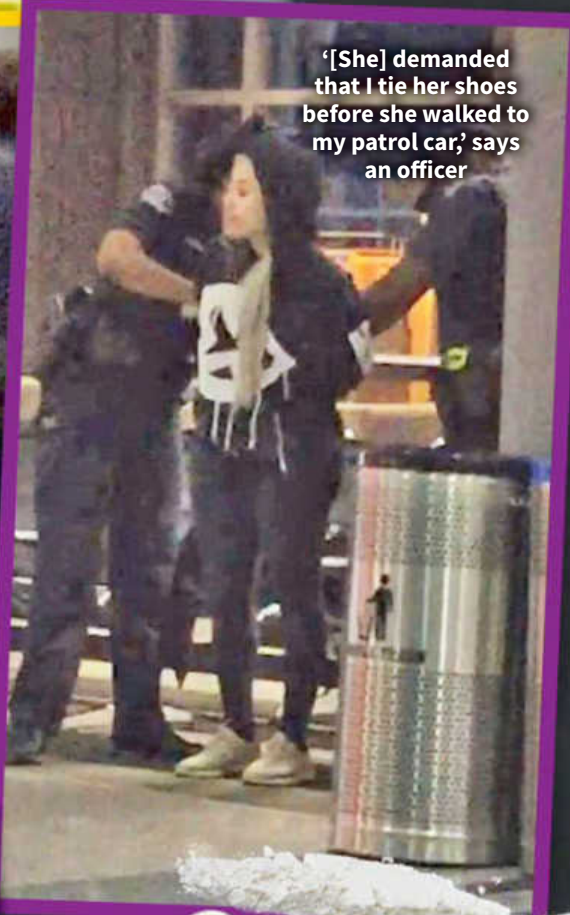

Rather than turn his back on Blac, Rob drove 2300km – roughly 21 hours – from LA to Austin to pick her up so she didn't have to face a media pack at the airport and because his rumoured agoraphobia means he can't stomach airports.

But the seedy scandal doesn't end there. *Hustler* publisher Larry Flynt has offered the pair a seven-figure sum to make their own sex tape.

“THE DRUG
POSSESSION
IS CHANGING
THINGS”

Blac was found in possession of MDMA after her arrest for being drunk and disorderly in Austin on January 29

'[She] demanded that I tie her shoes before she walked to my patrol car,' says an officer

How Blac's arrest went down

- Blac lands in Austin for a stopover during her flight from LA to London.
- Gate staff forbid her from boarding as she seems intoxicated and aggressive.
- She heads to the airport's Saxon Pub, where she verbally abuses a bartender who refuses to serve her the amount of booze she requests.
- Officers approach Blac at the bar and carry her out after she refuses to leave with them.
- Police search her bags and find two pills – 1.26 grams of MDMA. She's charged with third-degree felony possession.
- Bail is set at US\$8000, with Blac required to undergo drug evaluation and counselling in California.
- Rob drives 2300km from LA to Austin to pick her up and take her home.

il and pe... Oh my!

Of course, Rob wouldn't be the first Kardashian to get their freak on for the camera – hey, Kimmy! – but the added drama of the proposed deal has his famous family worried sick!

"[At first], it seemed Blac Chyna was really encouraging Rob to stay healthy and clean," says an insider, referring to the series of Instagram pics documenting the overweight star's ramped-up fitness regimen.

"But her arrest is changing things. The drug possession is very concerning."

We hate to say it, but it sounds like this relationship has trouble written all over it. ■

Did the Kardashians set Blac up?

With Blac insisting the drugs were planted, her mother Tokyo Toni is claiming the Kardashians are part of the conspiracy.

She posted an incoherent rant on her private Instagram account, claiming, "Moles are always in place where you have \$\$\$\$\$..."

When you come for the best... bring the best or don't come at all... Child's play KJ!!!!!!!" – referring to Rob's mum Kris Jenner (left).

She also hit back after Rob's big sis Khloe, 31, appeared to mock Blac's arrest by tweeting, "Damn!! On a Friday kid!!!"

Tokyo posted KoKo's mugshot from her 2007 DUI arrest with the caption, "Momma dont start shit she states shit — Facts.. No shade. Driving isn't good at all lit... car or otherwise. Nice Muggy So immature." Let the games begin!

G'day, mates! The rebooted lovebirds are relocating to Byron Bay

Now that their engagement's back on and there's a rumoured baby on the way, there's just one more piece of the life-overhaul puzzle left to put in place for Miley Cyrus and Liam Hemsworth – and that's a move to Oz!

Yep, with the pair desperate to ditch the chaos of LA, we hear Melbourne-born Liam is dying to get back to his Aussie roots. And Miley's all for it!

"Liam's always planned to move back home one day and there's no way he and Miley would have got back together unless she agreed to this being on their agenda," a friend of the actor tells NW.

"He sees his brothers Chris and Luke living such a great life in Australia and he wants that for him and Miley – especially when they start bringing kids into the world."

Indeed, the 26-year-old actor openly admits how much he longs for his loved ones Down Under!

"My family and friends back in Australia have missed this part of my life, and it's been a big part. That's tough... I miss Australia a lot," says the star.

And it's only gotten harder since Chris and Luke have had children of their own.

& Miley ING TO OZ!

"I love my brothers' kids... When I go away and I shoot something, I constantly just want to see photos of them," he says of the little ones, who Miley's equally smitten with.

What's more, Liam wants his kids to be Aussies – natch!

"Having kids grow up in safe environments where they feel confident enough to live out their dreams – [it's] something I was able to do as a kid. And I want kids to grow up in a similar environment," he says.

And what better place than beautiful Byron Bay, NSW – where big brother Chris has relocated with his wife Elsa Pataky, 39, and their three kids.

But wouldn't a move away from the showbiz epicentre that is La La Land put an end to both his and Miley's careers? No way!

Having witnessed Aussie-based Chris's career skyrocket, Liam reckons it won't be an issue. And he's already started hunting for the perfect family home close to his brother!

"If it wasn't for Chris and Elsa, Liam and Miley would never have seriously considered relocating," the insider says. "But seeing how happy they are and how unaffected Chris's career is by [the move] has convinced them it's the right thing to do."

Of course, a move away from Tinseltown could also work wonders for 23-year-old Miley's wild ways.

"Liam and Miley are going to give their relationship everything they've got this time around and Liam thinks it will be great for Miley to get away from LA and her party-hopping friends,"

continues the pal. "And Miley has no problem basing herself in Australia. She's on board with whatever Liam wants."

Hey, we'd be happy to host the homecoming party, guys! ■

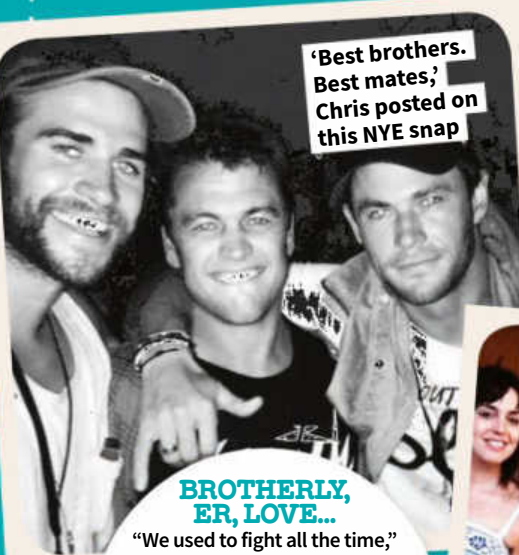

There's no place like home!

They've always been close and now Liam is following in his brother Chris's footsteps by settling down in his beloved Oz. And Chris and Elsa haven't looked back since they relocated to Byron Bay last year.

"It wasn't a hard decision to move back to Australia because this part of the world is such a special place," Chris boasts.

What's more, the move will be an easy transition for Miley, who loves Liam's family and is already firm friends with Liam's sister-in-law Elsa. The two were inseparable during Miley's visit over the new year, with Elsa captioning an Instagram snap of them together, "I love people I can be crazy with."

Well, there'll be plenty more time for that!

'Best brothers. Best mates,' Chris posted on this NYE snap

BROTHERLY, ER, LOVE...

"We used to fight all the time," Liam told *Esquire* mag. "In the summer holidays we'd live in board shorts and we had a throwing knife, so we'd play this game where you'd have to stand about two metres away from each other and take it in turns to throw it as close to the person's foot and stick it into the ground."

Yikes!

Blake looks upset in New York's West Village on January 15

Hey Ryan,

WHO'S THAT

A former Miss Israel, model and actress Gal is set for superstardom as Wonder Woman later this year

'On set of Criminal having fun with my friend Antje Traue... Look who popped in? Ryan,' Gal posted

The *Gossip Girl* star isn't impressed with her hubby's beautiful new bestie!

They have a rep for being one of the most loved-up couples in Hollywood. But Blake Lively and Ryan Reynolds's fairytale romance could lose its happily-ever-after sheen, with reports claiming he can't stop flirting with his *Criminal* co-star Gal Gadot!

Yep, we hear Ryan and the stunning actress are getting on like a house on fire – and Blake is not a happy camper.

"Ryan's a huge fan of Gal," says our exclusive insider.

"She's highly intelligent, cultured and so easy to talk to."

Needless to say, insiders reveal it went down like a lead balloon when Blake, 28, found text messages between Ryan and Gal on his phone. Even though their chats were just friendly banter, she can't understand why they're still in touch more than a year after filming wrapped.

And we can't imagine many women would be thrilled about their hubby having a former Miss Universe contestant as a pal! Indeed, tensions looked to

A furious Blake walks away from Ryan

BLAKE'S GOT THE BLUES

With her lifestyle website Preserve folding after just a year and her rows with Ryan becoming more frequent, the cracks are starting to show in Blake's once-perfect life. New reports claim the New York-based pair are even butting heads over where to bring up their daughter! "Blake feels cooped up in Bedford and thinks it's time they hightailed it back to LA," a source tells US mag *Star*. But Ryan's not keen, saying he doesn't want James to be a "pampered showbiz kid".

REAL GAL?

be still running high when the usually lovey-dovey duo were seen having a very public blue in New York on January 15!

"They were arguing really loudly about something before she stormed off," notes an onlooker. "Blake looked seriously pissed."

Yikes! But Ryan and Gal's friendship is something the mum-of-one will have to get used to, with her husband and the 30-year-old actress set to spend even more time together on the promo trail in the lead-up to *Criminal*'s April release.

Hopefully, Blake's got nothing to worry about. According to Ryan, he's smitten with her and their daughter James, 14 months, gushing, "When [the birth]

happens you fall so much more in love with your partner."

Meanwhile, Israeli stunner Gal is devoted to her businessman hubby-of-seven-years Yaron Versano and their four-year-old daughter Alma.

But if anyone knows how to handle a flirty friendship, it's Blake, who took a tongue-in-cheek stab at Ryan last April when he was seen making eyes at his *Woman In Gold* co-star Helen Mirren, 70.

"Should I be concerned that my husband's never looked at me this way?" she joked alongside an Instagram shot of her man ogling his sizzling older co-star.

Let's hope Blake manages to laugh this one off, too! ■

Rose and Kit are definitely back on

KIT & ROSE'S GAME OF LOVE!

We knew it! After months of are-they-or-aren't-they, *Game Of Thrones* co-stars Kit Harington and Rose Leslie confirmed they very much *are* when

they stepped out together, holding hands and kissing, while shopping in LA on January 30. Hurrah!

The pair, who previously dated in 2012 and have been the subject of reunion rumours for months, were also spotted together at LAX airport recently, a few days after looking "very couply" on a dinner date in London.

It isn't hard to see why Kit, 29, and Rose, 28, have rekindled their romance – those red-hot love scenes between their characters Jon Snow and Ygritte showed just what amazing chemistry the pair have!

And their friends are stoked to hear Kit and Rose's real-life love affair is back on track.

"My goodness! You know, we like to spread the love on our show. It's a beautiful thing," says the couple's co-star Emilia Clarke, 29. "She's one of my best friends, so it's good. I mean, there are worse things than being caught kissing Jon Snow!" There certainly are!

The *Game Of Thrones* stars' chemistry was clear on screen

Will jealous Kate drive a wedge between Nick and Lily?

Kate and Lily's tug of love!

The girls are at war over Tinseltown's latest must-have accessory – Nick Jonas

Kate Hudson may have been trying to get on-off beau Nick Jonas's attention with her hot-as-hell bare-butt selfie – but it clearly hasn't worked!

Yep, friends say the sexy snap wasn't enough to lure the singer away from the much-younger Lily Collins, who Nick's apparently fallen head-over-heels for!

And rather than taking it on the chin, "Kate is steaming mad over Nick and Lily's growing connection," an insider tells *NW*.

"She fully expected Nick to come running back."

Unluckily for Kate though, the 23-year-old pop star's already talking about their brief fling like it's all in the past!

"We had an unbelievable connection as two humans who just admire things about each other, and see something in each other that's beautiful," Nick tells *Complex*. "Out of my best effort to respect [Kate] and her privacy, I'm not going to say if we had sex or not. But we did have a beautiful connection... It's a bizarre match-up to a lot of people."

Enter beautiful Lily, 26, who pals are saying is Nick's perfect match – after all, they've run in the same Hollywood social circles for years!

"He adores Lily and has such a blast when they're together," says our insider. "Most of his friends think if he dates anyone exclusively, it'll be her."

Now, a humiliated Kate, 36, is on the warpath, trashing Lily all over town!

"Kate's pretty well connected in Hollywood and she plans to get the word

out to some of the major players that Lily's poison," spills the insider. "She hopes this will have the knock-on effect of Lily backing off her man."

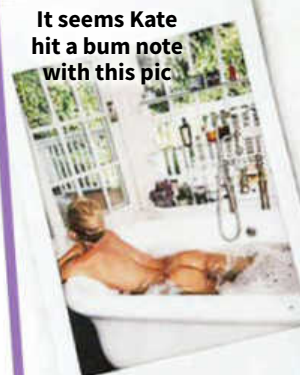

But it may be too little too late, with rumours Nick and Lily have already jetted off for a romantic weekend at

California ski resort Mammoth Mountain.

And while they were careful not to be seen together, the pair were spotted with pal Demi Lovato in West Hollywood on January 24.

From Mean Girl to the mean streets, LiLo is rumoured to be down to her last \$500k – which is basically broke in Celeb Land

Lindsay blames mum Dina for bleeding her dry

The desperate star's counting her pennies... and sadly there ain't many!

Judging by her string of #instabags, Lindsay Lohan has been living it up on vacay in Monaco, the Greek islands and Costa Rica – but we're not sure on whose coin, given fresh reports the actress is stony broke!

In fact, it's been two years since Lindsay saw her last decent pay cheque – a reported \$2.8 million for her docuseries *Lindsay* on Oprah Winfrey's OWN channel – yet she continues to live a champagne life on a Passion Pop budget!

"Her lifestyle is as expensive and out-of-control as it's ever been," an insider tells NW. "She spends money like water and relies on her wealthy business acquaintances to keep bailing her out."

But the 29-year-old's swiftly running out of favours – and savings! A staggering feat given she was once worth a whopping \$42 million. That's a lot of boutique shopping sprees and rounds at the bar.

"[I had] a ton of money and no-one really here to tell me that I couldn't do certain things... and I see

where that's gotten me," LiLo confessed to *Vanity Fair* in 2010 of her reckless spending.

Yet she's not about to lie down and take responsibility for her bad bookkeeping.

"Lindsay blames everyone for leeching off her, especially her

mum, but she's only got herself to blame for the situation she's in," says our insider.

That explains the fiery-tempered star's nasty Instagram message to her 53-year-old mum Dina on January 27.

"@dinalohan... Sometimes it sucks when your mom isn't there for you," Lindsay raged.

While she quickly deleted the message and replaced it with one begging her mum to visit, it's clear LiLo's feeling the heat.

So what's a girl to do? Hustle for new gigs, of course!

"Lindsay's in major panic mode," adds our insider. "She's trying to get promo appearance money as soon as possible."

Good luck with that, Linds! ■

BROKE AGAIN!

This week's **BIG** QUESTIONS

Cheat's guide to all the goss!

1 WHAT'S GOING ON WITH **BRAD & IRINA?**

One minute they're off, the next minute they're strolling hand-in-hand in snowy New York. Yep, we can't keep up with Bradley Cooper and Irina Shayk!

With the rumour mill not only claiming that 41-year-old Bradley's been hooking up with his ex Suki Waterhouse, 24, but also that Irina's had a major blow-up with Brad's mum Gloria, it appeared the end had come.

Suki's still on the scene

"The more time they spent together, the more they realised that they didn't get on," an insider says of Irina, 30, and Gloria. "That caused friction between Bradley and Irina, as he is very close to his mum."

Then a second friend weighed in, claiming, "Brad and Suki hooked up a couple of times over the holidays. Irina ended it right away when she found out."

Yikes!

But judging by their New York PDA-fest last week, the drama's been swiftly forgotten.

Confused? Us too!

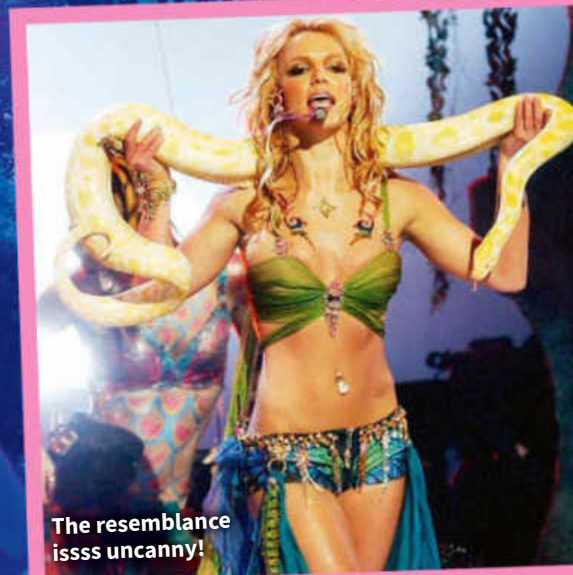

Brad and Irina are back on! We think...

2 IS THAT **BRITNEY**, BITCH

If Kaley Cuoco ever fancies a career change, she'd make a killing as a Britney Spears impersonator!

We could hardly tell the difference as the *Big Bang Theory* babe, 30, channelled Brit, 34, in a recent episode of *Lip Sync Battle*, recreating the pop princess's iconic performance of *I'm A Slave 4 U* at the 2001 MTV Video Music Awards.

From Brit's bangin' abs to the two-metre albino python, Kaley nailed the look – well, apart from that dodgy blonde wig!

The resemblance issss uncanny!

3 IS **ARIEL** OFF THE RAILS?

Going all out to celebrate her 18th birthday, *Modern Family* starlet Ariel Winter spared no expense hiring LA's infamous party spot The Nice Guy for her bash on January 31!

But the usually clean-cut starlet – who's rekindled her romance with ex Laurent Gaudette – looked anything but polished as she staggered out of the venue, with her beau doing his best to keep her upright!

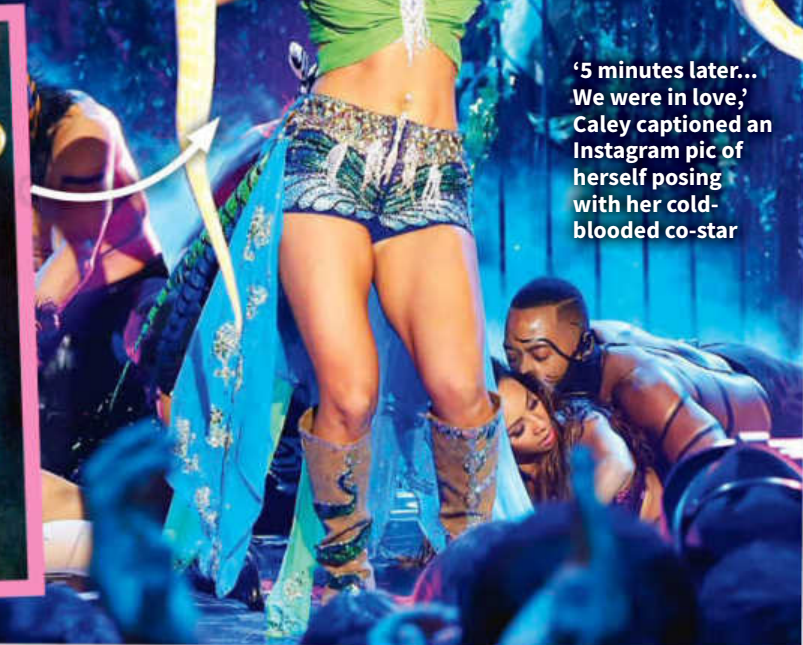

And she raised eyebrows again the next day when she hit the Screen Actors Guild Awards in a mega-revealing low-cut dress that showed off a large scar from the breast reduction surgery she underwent last year.

But the sassy star was unapologetic, insisting, "[The scars] are part of me... I'm not ashamed."

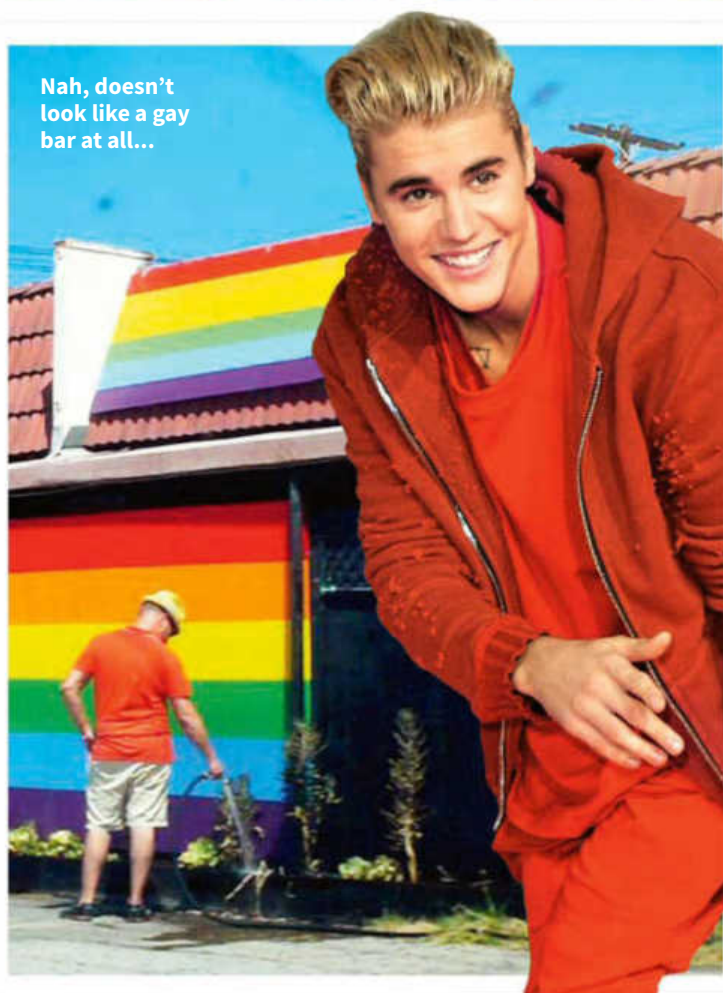

F**ks to give? Zero!

H?

'5 minutes later... We were in love,' Caley captioned an Instagram pic of herself posing with her cold-blooded co-star

Nah, doesn't look like a gay bar at all...

4 IS CHRIS LOSING THE PLOT?

Either Chris Pratt is really bad at maths or he needs to take a break after going on a bizarre Instagram rant last week about his workload.

"It's 3:20am. I got picked up for work at 6:45am yesterday. I'm not good with math, especially after being up for approximately 61 hours but I think I've been up for over 77 hours," Chris, 36, wrote alongside a snap of some freeway signs.

Er, let's hope he wasn't driving!

In defence of Chris's horrible maths skills, he'd been working almost 21 hours straight on his two upcoming films *Guardians Of The Galaxy 2* and *Passengers*.

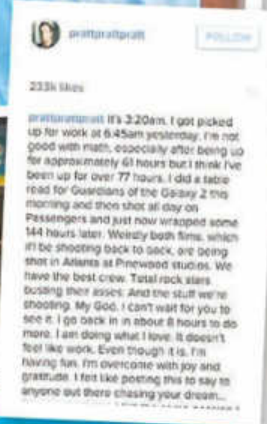

And despite the long hours, Chris says he's "overcome with joy and gratitude" to be doing what he does, while his wife Anna Farris, 39, just wants him home.

"I want to unwrap a sleeping bag. Put him in the middle of it. Roll it up. Tie him up. Force-feed him, like, dumplings. Put him in the attic and just fatten him up!" she says.

That's love!

Tired much, Chris?

5 IS BIEBS LOOKING FOR A FELLA?

Fresh from flaunting his fling with model Hailey Baldwin, Justin Bieber seems to have done a total 360 after he was reportedly spotted drinking alone at Club Cobra – aka "the hottest Latin gay bar" in North Hollywood.

One of the club's bouncers – who snapped a pic with Biebs, 21, and uploaded it to the club's Instagram account – said he didn't think the singer knew it was a gay bar because no-one was there except for the staff.

Um, yeah – never mind the huge rainbow flags posted all over the front of the venue!

However, JB – who enjoyed a cheeky pash with a male friend in an Instagram video last year – insists, "I'm not gay. Even if I was, that's not an insult."

This week's **BIG** QUESTIONS

Cheat's guide to all the goss!

6 IS BROOKLYN THE NEW TESTINO?

Move over, Mario Testino! It looks like Brooklyn Beckham can add professional photographer to his resumé after shooting Burberry's latest Brit fragrance campaign!

The son of David and Victoria Beckham is no stranger to the camera lens, although he's usually the one in front of it, having made his modelling debut back in 2014. But the talented teen gave the plum gig his all last week, snapping away like a pro.

After successfully shooting a gaggle of gorgeous models for the luxury brand's

live Instagram shoot, 16-year-old Brooklyn was branded a natural by Burberry CEO Christopher Bailey.

"Brooklyn has a really great eye for image," he gushed. "His style and attitude were exactly what we wanted to capture in the spirit of this new Brit fragrance campaign." Way to go, Brooks!

But some aren't so impressed with his so-called skill set, with a barrage of professional photographers accusing the British fashion house of nepotism.

'Ready to shoot my first campaign for @Burberry,' Brooks posted on his Insta with these behind-the-scenes snaps

"How insulting to people who have worked hard their whole lives with real talent to become a professional," Brit model Jake Hold raged on Facebook.

But Brooklyn's career choice comes as no surprise to his proud papa David, 40, who says his eldest son has always had a "passion about photography".

You only have to scroll through the teen's Instagram to get a feel for his artsy flair – and, hey, 5.9 million followers don't lie!

Is there anything this Beckham can't do?!

7 WAS TERESA 'GAY FOR THE STAY'?

Move over, *Orange Is The New Black*! A tell-all book by *The Real Housewives Of New Jersey* star Teresa Giudice – who recently finished an 11-month stint in the slammer for fraud – is going to set the record, er, straight on real-life prison sex!

In a preview of her sizzling new warts-and-all memoir *Turning The Tables: From Housewife To Inmate And Back Again*, Teresa dishes on jail-house intimacy, from explicit shower antics to late-night cell hook-ups. She even reveals how straight

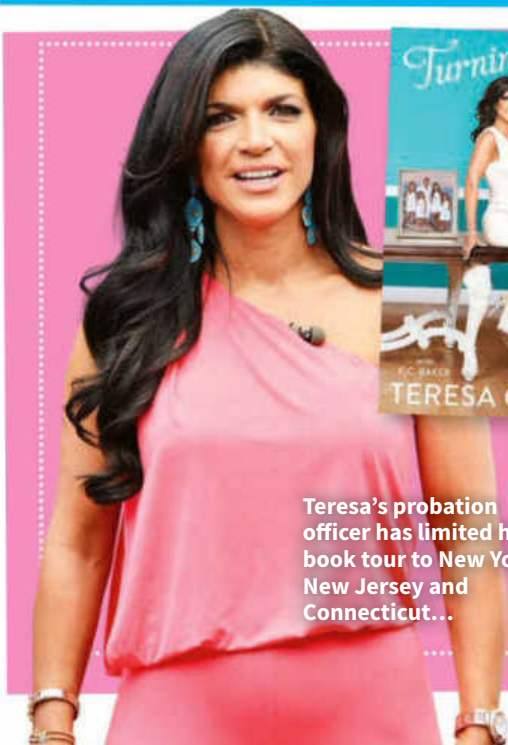

women turned "gay for the stay", trading sex for commissary money. Yikes!

"I could see two women... writhing around... I cannot believe this is happening!" writes the 43-year-old.

In fact, Teresa – who was nicknamed "Hollywood" by inmates – reckons there was so much hanky panky going on that the prison was nicknamed the Boom Boom Room.

While Teresa insists she didn't partake in any sexual activities with the women behind bars, it still makes for a juicy read!

Teresa's probation officer has limited her book tour to New York, New Jersey and Connecticut...

8 IS HARRY TROLLING TAYLOR?

Harry Styles clearly hasn't heard the saying "Let sleeping dogs lie", seemingly firing shots at ex-girlfriend Taylor Swift last week.

It's been three years since the former One Directioner dumped Taylor, 26, following a whirlwind romance, but he oddly chose to celebrate his 22nd birthday by posting lyrics from Tay's song 22.

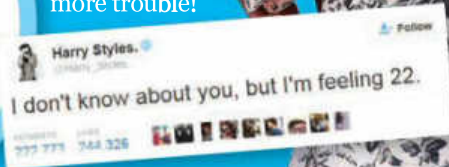

"I don't know about you, but I'm feeling 22," he tweeted to mark his birthday on February 1, leaving millions of fans scratching their heads as to whether it was meant as a compliment or a burn.

"Harry Styles is the king of shade," wrote one online commenter, while another argued, "How is that shade, it's a cute joke."

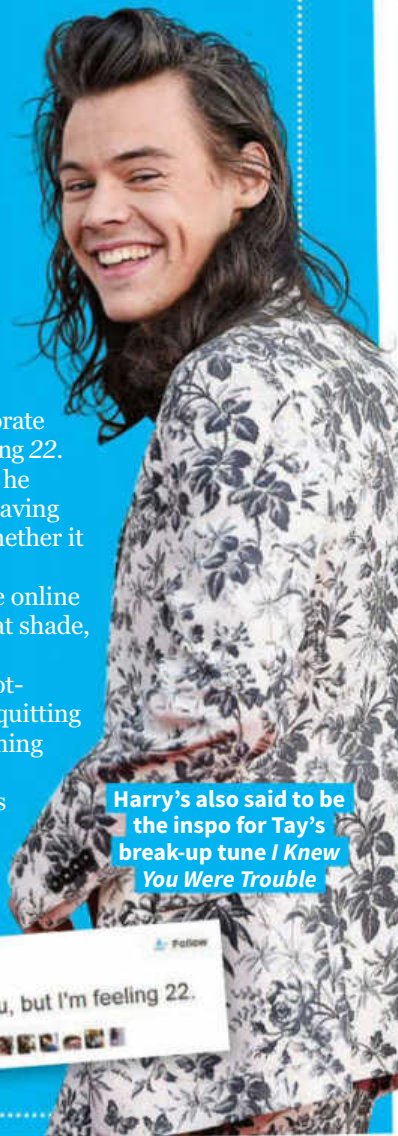

There's been no word from Tay on Harry's pot-stirring antics so far. Let's just hope that after quitting 1D's management and signing

with hot shot US agent Jeffrey Azoff, Hazza's blossoming solo career keeps him out of any more trouble!

Harry's also said to be the inspo for Tay's break-up tune *I Knew You Were Trouble*

Tay and Harry split in January 2013

9 IS MKR'S ZANA ALL FAKE?

The verdict's in on *My Kitchen Rules* contestant and Melbourne lawyer Zana Pali, after comments she made about her salary were found to be a big fat lie!

Likening the show's \$250,000 prize money to spare change you might find behind the couch, Zana insisted she and hubby Gianni, 27, also a lawyer, already make enough money that they wouldn't bat an eyelid if they won the cash!

"To be honest, \$250,000 isn't a lot of money for us because our jobs pay a lot," she boasted.

You'd think as a lawyer Zana, 24, would know better to cover her tracks, but a legal industry insider revealed to radio station Nova 100 that the bragging brunette was just upselling herself for the show.

"She only completed her training about 12 months ago... and she practices out of her husband's father's business... in Queensland," the insider reveals. "The reality is, the figures she is quoting are unrealistic for a first year solicitor." Busted!

Despite claiming she's a top lawyer, Zana was only admitted to practise law last April

IS THIS SELENA'S SEXIEST SHOOT EVER?

Wow! Selena Gomez looks hot to trot on the cover of the March issue of *W* magazine. Flaunting what her mamma gave her in some of the sexiest seaside attire we've ever seen, Sel has truly kissed her innocent Disney days goodbye.

Now the 23-year-old is ready to be taken seriously, particularly when it comes to her acting career.

"I know that I can go into a room and convince someone that I can be a character," she spills to *W*. "I'll cut my hair, I'll shave it, I'll dye it. I'd go there in order for people to let Selena go."

The brunette bombshell also came clean about her feelings towards her 21-year-old ex-boyfriend Justin Bieber.

"I'm so exhausted," she says. "I honestly am so done. I care about his health and wellbeing. But I can't do it anymore."

Good to see she's finally come to her senses!

Sel's the perfect cover girl for the American fashion issue of *W*

Gigi and Bella

WAISTING AWAY!

Actual size
ONLY 55cm!

In fact, according to a former stylist, the 20-year-old's waist is roughly the same size as a 12-year-old's. Yikes!

"When Gigi started modelling in 2012, all her measurements were taken and she had a 63cm waist according to her model card," the stylist tells NW exclusively. "Now it's closer to 55cm, which is the average size of a prepubescent girl."

Dr Howard Shapiro, weight-loss specialist and author of *Picture Perfect Weight Loss*, agrees the 178cm tall model is taking things too far.

"She's definitely too thin for her height," he says. "There's no question about it."

In fact, Gigi's been on a mission to shrink after coping hate for her curves during Tommy Hilfiger's New York Fashion Week show last September.

"I'm not going to lie, I did let the negativity get to me a little,"

They're two of the most stunning siblings in the modelling biz, but catwalk life is taking its toll on ever-shrinking sisters Gigi and Bella Hadid!

While Bella proudly displays her shrinking frame on Instagram, Gigi drew gasps when she turned up at The Nice Guy in West Hollywood with her ribs on show and her tiny jeans hanging off her gaunt frame.

"She looks hungry," a fan remarked online "Now she is sooo thin."

Girl's tiny!

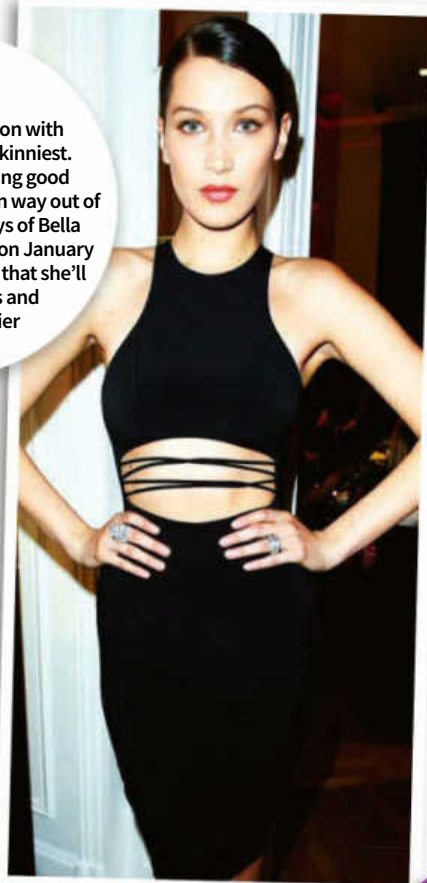

Like her jeans, Gigi hangs loose at The Nice Guy in West Hollywood on January 29.

G

BONY BELLA

"She has a competition with Gigi about who's the skinniest. They joke about it being good motivation, but it's gotten way out of control," the insider says of Bella (right, at a party in Paris on January 28). "Her biggest fear is that she'll gain a few pounds and be seen as curvier than Gigi."

The slender sisters take 'itty-bitty waist' next-level

admits Gigi, but an insider tells *NW* it goes a lot deeper.

"She could barely look in the mirror for weeks after that and has been starving herself ever since," the insider reveals. "She survives on one meal a day, and that's a tiny portion, with zero carbs and no more than 600 calories [2500kJ]."

Our source says Gigi also chews each mouthful of food 60 times to trick her body into thinking she's eating more than she actually is.

But her extreme diet looks to be threatening not just her health but her career – as Gigi's figure has become so childlike we hear it's turning some designers off.

"There's a huge backlash in the fashion industry right now against models who starve," says the insider. "Designers don't want to be seen to [be sending the wrong message]."

But what one sister does, the other copies, right?

"Bella has been losing a radical amount of weight," says the source. "She's lost a good 10cm from her waist since she started modelling."

But with the 174cm tall star, 19, suffering from Lyme disease, her health should be paramount.

"She needs energy to battle her Lyme disease," adds the stylist, "and trying to starve like Gigi's doing is a disaster waiting to happen." ■

FLASHBACK

This isn't Gigi's first music vid! She also got smoochy with her ex Cody Simpson in the clip for his song *Surfboard* in 2014.

**BEST SERVED HOT!**

Given the song's steamy lyrics including, "I'd love to hold you close, tonight and always. I'd love to wake up next to you... In the bed all day... F**king you, fighting on," we're not surprised Gigi was mad! At least she looks smokin' in the video...

**LOVE BITES!**

Adding to her stress, Gigi's also hit a rocky patch with her boyfriend of almost four months Zayn Malik,

after finding out his new song *Pillowtalk* was actually written about his ex-fiancée Perrie Edwards.

Gigi locks lips, dirty dances and generally fawns over Zayn in his raunchy debut music clip – so he made a rookie error by admitting most of his solo album was written in the two months after he left One Direction in March last year, three months before his split from the 22-year-old Little Mix member!

"I just felt like I needed to put myself out there a bit on that because it was a form of therapy for me, and it did help me get through some sh*t," admits Zayn, 23.

But Gigi just sees it as a betrayal. "It really sent her over the edge when she found out," spills our insider. "Gigi went absolutely nuts and they had a big fight where she accused Zayn of using her for publicity and messing with her head."

"She was so insulted and says she'd never have agreed to appear in the video clip if she knew from the start that the song was about Perrie," adds the source. "She feels so used."

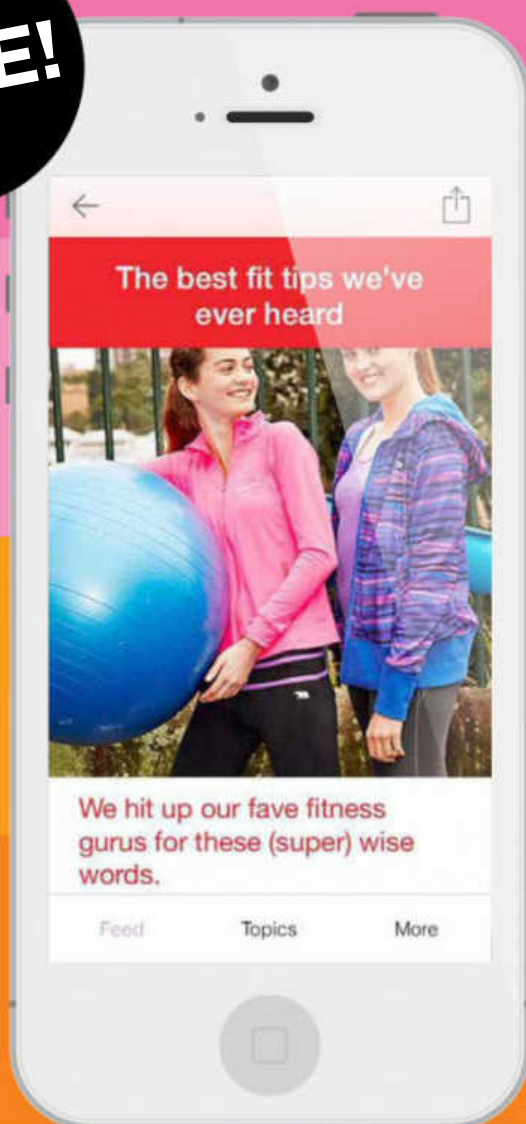

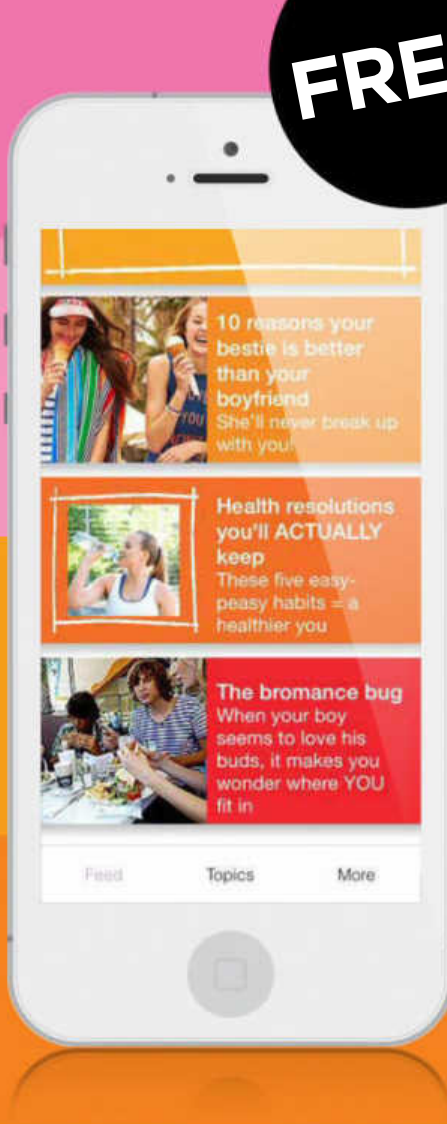

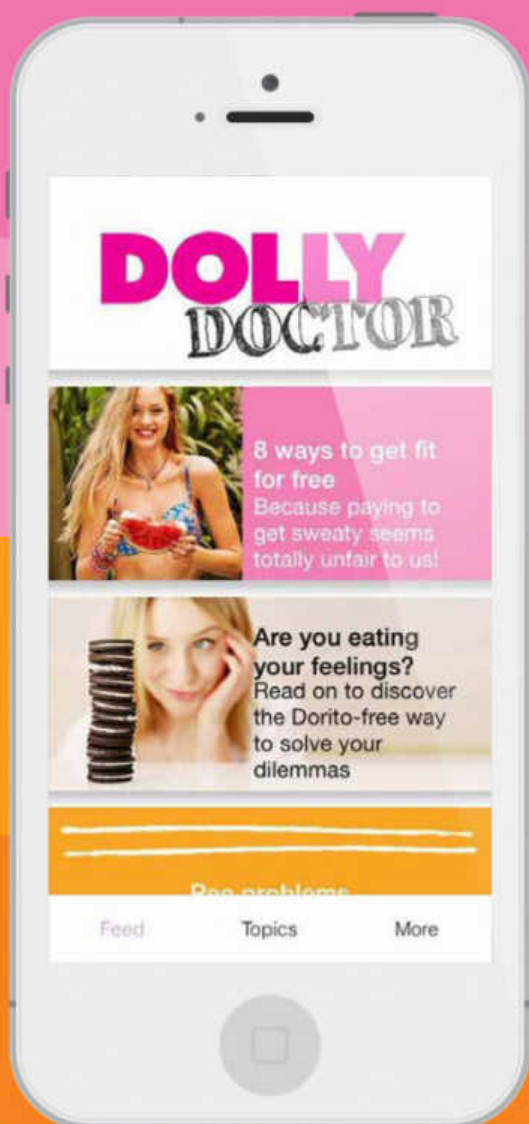

**Ex files**

Don't worry, Gigi – we bet Perrie's not happy about Zayn using her as his muse, either!

Rita's leapfrog lovers

Is there an ulterior motive behind the ambitious star's romance hop?

ROB KARDASHIAN
The fame magnet

Getting a break in the music industry can be tough – just ask any aspiring singer – so bagging yourself a high-profile reality-star boyfriend is a stellar move. And, sure enough, international fame quickly came Rita's way after she started dating Rob Kardashian

in December 2011. But while Rob, 28, was clearly head-over-heels for the British babe – he famously got a tattoo of her inked on his torso – Rita pulled the plug after 12 months, just long enough for her to get her name in the press. She even admitted later that she didn't consider their relationship to be real. "I never mentally defined it as boyfriend-girlfriend," the 25-year-old revealed in 2013. Ouch!

CALVIN HARRIS
The producer

Clawing your way to the top of the pop charts can be a tricky business, but dating renowned Scottish DJ Calvin Harris was just the ticket to boost rising star Rita's international profile! The pair got together after meeting at the Brit Awards in February 2013, with Rita revealing Cal was the first person she'd fallen in love with, describing their relationship as an "amazing experiment". She quickly got Calvin to "experiment" on her new album, but not long after their smash hit single *I Will Never Let You Down*, Calvin, 32, publicly dumped Rita via Twitter – and banned her from performing any of the songs that he'd worked on. "Just know I had a damn good reason," Calvin tweeted – that reason being Rita's alleged cosy antics with Justin Bieber and rnb singer Khalil. Yep, it was one helluva nasty split, but anyway, onward and upward!

RICKY HILFIGER
The fashion figure

Making the move from music to fashion design is no easy feat – just ask ex-Spice Girl Victoria Beckham. But then along came fashion royalty Ricky Hilfiger, whose dad happens to be top US designer Tommy Hilfiger. Despite insisting her split from Calvin made her want "to crawl into bed and die", Rita had a clothing line to promote and managed to get over her ex by stepping out with Ricky, 25, a month later. And he proved the perfect accessory to have on her arm through her 2014 Adidas clothing line release. They broke up a year later, which was just coincidence, right? Right?!

GERARD BUTLER
The screen star

With her eyes firmly fixed on a movie career, a few months later aspiring actress Rita – remember her brief stint in *50 Shades Of Grey*? – landed herself a Hollywood hunk with a serious network of contacts in the movie industry. Yep, according to reports, Rita and Gerard Butler – newly single after breaking up with his girlfriend Morgan Brown – had a steamy sleepover at a West Hollywood hotel on January 17 following an intimate dinner for two. "They drank wine and she hugged him when he returned to the table from a break. Gerard paid the bill," says a source, adding that the 46-year-old actor is "totally single and ready to get back out there" following his split with Morgan. Well, given Rita's track record, it's probably wise that Gerry doesn't get too attached.

'It was a very dark time...'

'I was feeling flighty!'

NOT PLANE SAILING

Josh Duhamel pulled out all the stops trying to woo his now-wife Fergie, 34, but the hunky dad's gestures didn't always go according to plan. Despite renting a private plane to make it home in time for V-Day, Josh, 43, missed his date when the aircraft was forced to make an emergency landing. "It was way past time we were supposed to have our date. So there was some making up to do for that one," he says.

CUPID CRISIS

Cash Warren says plans for an intimate Valentine's night with wife Jessica Alba, 34, went awry after a blackout left them stranded! "We had dinner reservations and the power went out," the 37-year-old explains. "We have a gate at our house, so we couldn't get out. She was pregnant... She was starving. It was pitch black... we couldn't leave. It was before Uber. We didn't know what to do."

WRITING'S ON THE WALL

She's engaged to pro-boxer Wladimir Klitschko, 39, but that doesn't mean Hayden Panettiere hasn't had her fair share of heartbreak. "I went through a bad break-up and spent the day at a restaurant called Birds, where they had an anti-Valentine's Day party," the 26-year-old remembers. "You can hang up notes like I HATE HIM or HE WAS MEAN TO MY DOG and make a voodoo doll of your ex and poke it."

'I need a burger, stat!'

LONG-DISTANCE LIE

Once voted the ultimate nightmare celeb V-Day date, Snooki, 28, admits to telling porky-pies to get out of a date. "I couldn't go... He lived two hours away," Snooki spills. "I said I didn't feel well, but really I was hungover because I went out the night before and got trashed." Sounds about right! Since then, she's had better luck with Saint Valentine - her hubby Jionni LaValle proposed on the day in 2012!

CONVERSATION KILLER

Gossip Girl actress Michelle Trachtenberg, 30, was forced to pull the plug on one potential suitor after he wouldn't shut up about her child-star past. "I once dated a guy who was like, 'Holy s***, I just made out with Harriet the Spy!'" And that's messed up. Don't say that. I was 10, you're 30, it's just weird." Awks!

LOVE HURTS When V goes v

UNREQUITED LOVE

While she married her Prince Charming – aka Justin Timberlake, 36 – in 2012, Jessica Biel wasn't always so lucky in love. "In the fourth grade, I made a huge card for a boy. I found it in the trash later in the day," recalls the 34-year-old mum-of-one. "It's cool. It's fine. I feel like I am better for it... Not that I'm still thinking about it or anything." We hear ya, Jess – you never get over your first!

BROMANCE BLUNDER

He's now married to actress Sarah Roemer, 31, but *One Tree Hill* heart-throb Chad Michael Murray once spent a less-than-memorable February 14th as a singleton. The 34-year-old recalls that "a guy friend and I went to California Pizza Kitchen, and a group of pretty girls came over to us and said, 'You guys are gay, right?' I wound up really lonely." Oops!

"He's just running late!"

V-Day Wrong!

It's not just us! Even our fave celebs have suffered heartbreak on February 14!

HIGH SCHOOL HEARTBREAK

While a student at Laguna Beach High School – ah, memories! – Lauren Conrad's plans for a romantic night were ruined by her boozed-up beau! "Me and my friend were dating best friends," spills LC, 30. "And we went to a restaurant and we decorated the table and had presents waiting and had them meet us there on Valentine's Day and my date showed up drunk!"

DISAPPEARING ACT

Khloe Kardashian, 31, might want to put a GPS tracker on future dates after revealing that, as a teen, the "love of her life" ditched her on V-Day to move home. "He just left, like never said anything. Who leaves on Valentine's Day when you have a girlfriend that you're supposedly in love with? I get it, it was young love, but it really, really sucked, and I think it ruined every Valentine's Day from here on out."

The W★E★E★K PICS

Hey, it's the next best thing to being there!

Getting older sure is the Pitts

'Gotta get these undies out of the Pitt'

Brad's senior moment

Holy awkward grandpa pants! When did **Brad Pitt** get so old and frail?! Fingers crossed it's just wardrobe, make-up and good acting that's got him going all geriatric on us while shooting scenes for his film *War Machine* in Paris. Brad plays a general commanding the American conflict in Afghanistan, which kinda explains the Ken-doll hairstyle, but what's with those high, high shorts?

He's a cross between a Ken doll and GI Joe!

'And they said I couldn't move my face'

'I'll have you know I served in World War Z, sonny'

This should do wonders for recruitment

'I'm not a wooden actor!'

Like a baby taking his first steps...

'Can we get these shorts replaced?'

Brad doesn't rate his Yeezy Season 1 kit

'I think I just pulled a face muscle'

Exercise looks really, really painful. Pass!

'When zombies come, I'll be hiding in the garden'

'You bet I can run in these heels...'

Zombie babes

Jane Austen and zombies? Well, they say opposites attract! That's why *Pride And Prejudice And Zombies* – the 2009 book mixing period drama and the flesh-eating undead – became such a hit it's now a major film. Its stars **Lily James** and **Suki Waterhouse** hit the red carpet for the London premiere, which is fortunately devoid of any brain-munching beasts. They all ate their invites...

The red carpet means you can't see the blood

The WEEK PICS

*'It's about time
you got lei'd!'*

*'Then we jog back to
the bar for cocktails'*

The five-person selfie is a vital skill to master... Just stop licking the frame, Ms Stam!

*'Can someone pass
the shampoo?'*

Nina salutes the chief of holidays

Here today, gone to Maui

When *Vampire Diaries* star **Nina Dobrev** and her squad – which includes actress **Jessica Szohr** and model **Jessica Stam** – hit the beach, it's bound to do more for Hawaiian tourism than a year of ad campaigns. After all, they even make the obligatory group selfie look like the most fun ever, while on the beach in Maui. We just hope our invite is in the mail for their next epic bestie getaway...

'This is the easiest triathlon ever'

'This vacay has brought us closer'

Voice of God

If you think the rain will keep people away from church, maybe you should go back and read about that Noah guy. Or just enjoy this wholesome shot of **Gwen Stefani** and her son **Apollo** after mass in LA, where her other boys Kingston and Zuma also took their place in the pews. We just hope Gwen doesn't get trenched... er, drenched on the way home.

'Next we're going to solve some crimes'

'Apollo was a god too, you know'

Looks like the Lord's raining over them...

The WEEK PICS

'Denim jackets make me ticklish'

'Wait, did I leave the stove on?'

You Lil beauty!

Porcelain-faced British actress **Lily Collins** has been a brand ambassador for Lancôme since 2013, so it's not surprising to see her putting her face to work for the beauty company at a shoot in L.A. Part of that role involves frolicking on the beach with male models – look out, Nick Jonas – which they really should have mentioned in the job ad. We're setting LinkedIn to alert us when a similar role comes up...

'Next time, you're getting an Uber'

'A lady never flashes her ears'

This hottie's really lifting her spirits

She charges by the 'gram

Let's hope she waited for the poster glue to dry...

'This mirror
doesn't work!'

Window of opportunity

When you're promoting a film about male models, it's always going to be an international affair. And so we find **Owen Wilson** and **Ben Stiller** having a ball in Rome as Hansel and Derek for their flick *Zoolander 2*. Mimicking mannequins in the windows of the Valentino store, the pair draw a crowd of catwalk-conscious Italians, who will no doubt all be sporting cool sunnies, yellow jackets and butterfly-themed suits this season.

'Can someone put me in
a more comfy position?'

Of course,
not all
models are
dummies

'Sorry, kid - you're
too short to model'

'I always get butterflies
at these events'

Feeding time
at the zoo is
so much fun!

'Help! We're being
held prisoner'

Happy
Valentino's
Day, boys!

The WEEK PICS

Tips of their tongues

Bill Rancie won the first season of *The Apprentice* back in 2004, so it's no wonder he and wife **Giuliana** are licking their lips as they head out in Brentwood, LA – they're clearly anticipating Bill's old boss Donald Trump getting ever closer to the White House. Yep, before long, Giuls could be dishing out presidential fashion tips while little **Duke** plays in the Oval Office! Talk about power players!

'Just digging out that last bit of mustard'

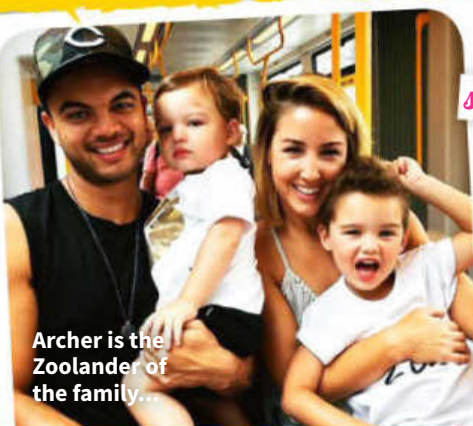

Duke hasn't been the same since he saw Trump's hair...

'Strollers are the best fun!'

Carrying kids – that's how you get guns like that

Archer is the Zoolander of the family...

Guy goes for Gold (Coast)

As if anyone needs a reason to visit the Gold Coast beyond the surf shops and nightclubs of Cavill Ave, **Guy Sebastian** has taken wife **Jules** and boys **Hudson** and **Archer** up north to visit his brother Chris. And it looks like they're having loads of fun checking out all the thrilling experiences the Goldie has to offer, like, er, catching the bus...

'Next time, we should wear sunnies'

Unlike his T-shirt, Guy's keeping it real

'Please don't talk about my weird nipples'

Pretty flamingo

Never missing a chance to prove she's in the pink, **Daisy Lowe** grabbed her best latex dress and fright wig and hit the town for her 27th birthday with bestie **Florence Welch**. She's joined at Tape London nightclub by even more Brit celebs, including her boyfriend **Thomas Cohen** – who's clearly going for more of a “gossipy old lady” vibe with his costume – and a very rugged-up **Rita Ora**.

She wears her heart on her, um, boobs...

'I thought the theme was polar bear!'

Rita – still a ripper

'Oh, I can't believe the price of beans'

Thomas is pretty mature for his age...

Totally spontaneous outfit change!

The WEEK PICS

She's off in
search of some
real ice-cream...

'My undies line is a real
hit, er, Down Under'

Heidi's soft serve

Nothing says comfy underwear quite like the freezing touch of cold ice-cream, right? In Sydney to promote her new Intimates range of undies for David Jones, **Heidi Klum** literally stops traffic after handing out free knickers packed into ice-cream cones – hence the sweet treat she's tucking into. Hey, everyone loves a cheat day – even when you look this good!

'This really is going
straight to my hips'

Lookin' hot
– she's got it
licked!

Scarlett's career as a newsboy of yesteryear's going from strength to strength

Scarlett's minion

New Zealand isn't exactly the place you'd expect to find a special-ops cyborg out to stop a dangerous hacker. But that's just where one is right now – in character, anyway – with **Scarlett Johansson** in Wellington to play the futuristic agent in new flick *Ghost In The Shell*. The Hollywood star goes undercover casual – and still looks stunning! – while out with 17-month-old daughter Rose in the Kiwi capital.

When you sense there's someone behind you...

'The locals are a lot yellower than I'd pictured'

'Mum walked right past the toy shop!'

Lucky Rose has a waterproof jacket on!

Hot FROCKS

AT THE SAG AWARDS

Tina Fey

She brings the LOLs in droves, but when it comes to the red carpet, Tina knows less is more. Everyone's fave funnygirl looks beautifully understated in Prabal Gurung.

Anna Faris

Wardrobe goals right here! This crimson Naeem Khan number screams old Hollywood up top, thanks to the high neckline, but the thigh-high split is totes 2016.

Diane Guerrero

Dark locks, bright dress – we like! This strapless, mermaid-style Karigam creation fits the *Orange Is The New Black* star like a pretty, hot-pink glove.

Emilia Clarke

Forget all that brooding on *Game Of Thrones* – Emilia should rock Dior Haute Couture gowns and megawatt smiles all day, every day.

Sofia Vergara

Wham, bam, thank you, Vera Wang! No-one fills out a saucy strapless quite like Sofia! She and fellow Colombian Diane wear the same cut and hue, but we all know who the true trailblazer is.

Nicole Kidman

Props to Nic for thinking outside the box. She's giving us quite a frill in this inventive tonal print by Gucci. Ruffles upon ruffles of fun!

Saoirse Ronan

Long-sleeved, sheer and sensual is one way to bring your A-game. The Best Actress nominee does just that in elegant Michael Kors.

Laura Prepon

The Orange Is The New Black star practically floats down the red carpet in this ethereal Carmen Marc Valvo gown. So dreamy, so chic, so added to our wish list!

Christina Ricci

Pastels look oh so pretty against the ruby rug. And when you're pleated to perfection in floor-length Christopher Kane, you can't help but stand out. Plus, we love that the former goth has lightened her hair as well as her wardrobe!

Hot FROCKS

AT THE SAG AWARDS

Brie Larson

Sure, the top is rather, er, twisted, but we just love Brie and her edgy Atelier Versace gown. She not only won the top gong inside, but also out on the red carpet!

Claire Danes

This simple Stella McCartney dress hits a high note with its two-tone block-colour feature and subtle train. Honourable mention goes to Claire's bang-on-trend lob.

Maisie Williams

This tea-length Ermanno Scervino dress is sweet yet glam on Maisie, and the intense shade of blue makes her eyes pop. Those bling earrings add a flawless finish.

Naomi Watts

Pairing this deep-blue floral Burberry gown with a hot-pink lip is a good call, Naomi! Bold but elegant – and she owns it.

Marisa Tomei

Marisa ignores the blue hues for a luscious green Zuhair Murad gown with just enough sparkle to make it stand out on the red carpet. Dare to be different!

Kaley Cuoco

If you've got it, flaunt it – right, Kaley? She's making a big bang with her sharp updo, dramatic make-up and slashed Romona Keveza dress.

Rachel McAdams

We expect nothing less than total glamour from Ms McAdams, and this Elie Saab gown ticks all the boxes. Her pastel lip and loose waves soften this look to perfection.

Kate Mara

Kate's really taken the plunge in this Valentino number. The neutral colour lets her short 'do – which we're loving! – become the dramatic focus.

Alicia Vikander

Alicia nails it in this glam geometric Louis Vuitton dress. Simple shoes and sleek hair balance the bling of the sequins, and we love the extra sparkle on her ears and fingers.

No date for V-Day? No probs! There's no better time to brave a new beauty look than on a night out on the town with the gals. Break out of your black smoky-eye go-to and try a bold purple like Selena. The key is to keep it dark and heavy at the lash line and wing it out. Different shades give you depth, while white liner on the inner rim of your eyes will ensure they stay big and bright. Finish with major mascara and a nude lip.

KIM'S 7-day baby body

BLASTER

'I don't feel sexy,' Kim said of pregnancy. 'I feel insecure and most of the time I just feel gross'

So hot, so fast! The fitness-focused mum's diet coach dishes her insider tips to *NW*

She only gave birth to her second child, son Saint, two months ago, but Kim Kardashian's not going to let nappies and late nights get in the way of her bid to banish the baby weight! "I'm so excited! I'm [13kg] down today but [18kg] to go! I'm so focused," she tweeted last month. And since then, she's reportedly lost another 5kg!

So what's her secret? Kim's returned to the method that helped her shift the kilos following her first pregnancy with daughter North. Well, kinda. This time she's following the Atkins 40 seven-day eating plan, which allows dieters to eat 40g of carbs per day – as opposed to the original plan's restriction of 20g – while getting the lion's share of their kilojoules from a combo of protein and fat.

"I gained [27kg] during my pregnancy but have been an extra [4kg] up for the last few years, so it's time to really get to my goal," says the 35-year-old, who's gunning for some quick results.

"This is going to be soooo f**king hard but I can do it and I can't wait to share it all with you! #BeastMode #WhosWithMe?!?!?"

We are! And we've gone to Kim's Atkins nutritionist Colette Heimowitz to get the exclusive scoop on exactly what she's been eating – and avoiding! – for that slimming success!

HOT MAMMA

Kim was motivated to hit the gym after a fan posted a throwback bikini snap on Instagram. "Ok this bikini pic motivated me lol getting up now," she wrote.

Work it

Exercise is a vital part of Kim's Atkins plan, with a recommended minimum of three workouts a week.

EXCLUSIVE

KIM'S DIET GURU TELLS ALL

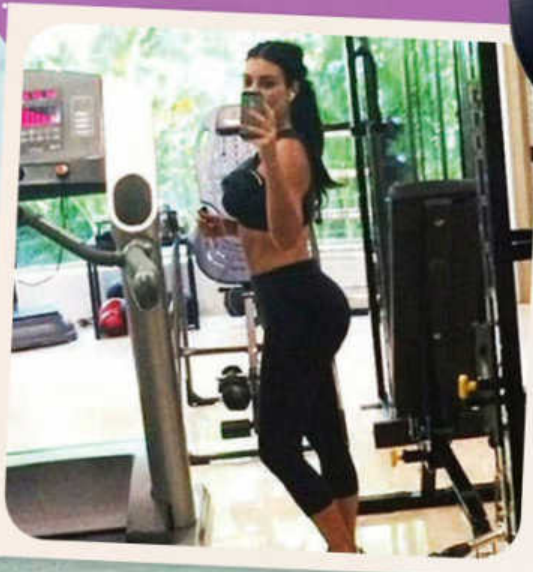

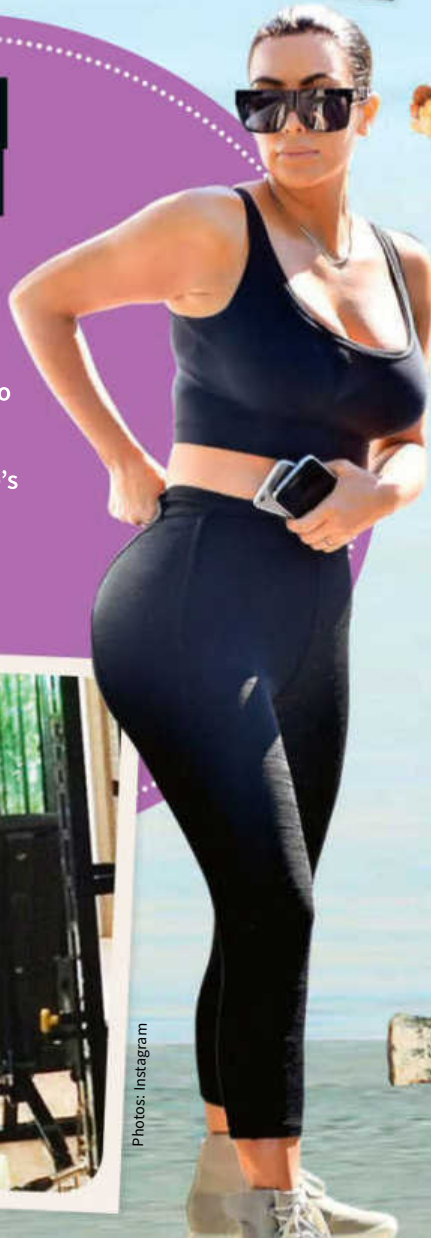

Keeping up at the gym!

To regain her famous hourglass figure, you can bet Kim's sweating it out at the gym with trainer Gunnar Peterson!

"Obviously there's a genetic predisposition but Kim works so incredibly hard," says Gunnar.

"Squats, lunges, sleds, and dead lifts... She just trains – she's one of the hardest working people inside and outside the gym. Just grind, grind, grind."

Um... OK?!

Kim's DIET INSIDER

We speak exclusively with Kim's nutritionist Colette Heimowitz, Vice President Of Nutrition & Education at Atkins Nutritionals, who gives us the goss on Kim's progress!

What are Kim's favourite Atkins meals?

"Kim is eating a variety of lean proteins, chicken, fish, healthy fats like avocados, nuts, cheeses, and low-sugar fruits like berries and rockmelon, and tons of colourful, fibre-rich vegetables."

Rockmelon and berries are delicious low-sugar fruits

Does Kim stick to the diet 24/7?

"Kim is very focused and enjoys eating low-carb. The great thing with Atkins is there's no feeling of deprivation. She eats balanced [meals] and gets plenty of nutrients while still enjoying rich, delicious food."

How much weight does she lose on average per week?

"It's recommended that nursing mothers lose no more than 0.8kg a week, which is a healthy, steady pace of weight loss."

How long do you predict it will take for her to get to her goal weight?

"A steady pace of weight loss is best, and not focusing on the time needed to get to a goal weight."

Proteins like chicken and good fats such as cheese and avocado make up the majority of Kim's food intake

Do New York LIKE A CELEB

Call ahead for L'Asso's deep-dish pizza – it takes 45 minutes to cook!

Taylor and Calvin grab a slice at L'Asso

DINE

Hailed as having the best pizza in New York, L'Asso Pizza (1) is a must-visit. Taylor Swift and her DJ beau Calvin Harris love this little Italian eatery with the pair enjoying two gluten-free pizzas during one recent date night – one with crispy prosciutto and scallion and the other a margherita. Yum! We'll have what they're having!

For something quintessentially American, make like Kim Kardashian, Kanye West and BFF Jonathan Cheban and dine at designer Ralph Lauren's first New York restaurant The Polo Bar (2). Located beside his flagship store on Fifth Avenue, it's what date night tastes like for fashionista Olivia Palermo, too!

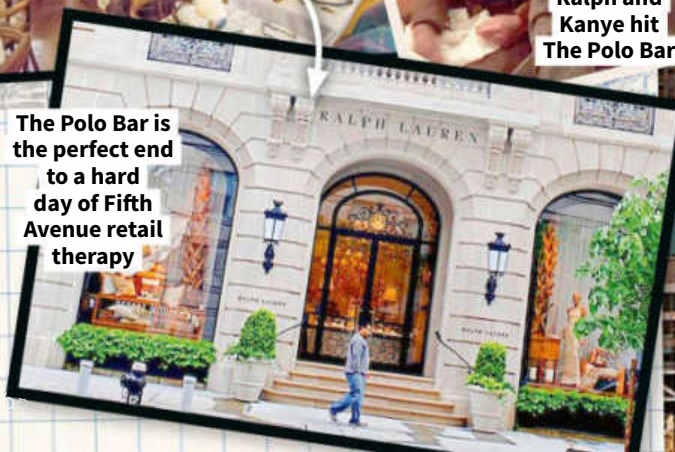

"It's great American food with a Ralph Lauren feel all the way through dinner," she gushes.

Meanwhile, young stars like Zendaya and Emma Roberts can't get enough of The Seafire Grill (3) in Midtown. From the famous raw bar to the Madagascar garlic prawns and the lobster mac and cheese, this celeb magnet is next-level yum!

Ralph and Kanye hit The Polo Bar

The Polo Bar is the perfect end to a hard day of Fifth Avenue retail therapy

Get into an Empire State of mind with these star tips for the city that never sleeps

Make like Rita and Katy and party at Top Of The Standard

PLAY

There's no playground for the stars quite like New York, and they flock to Up&Down (4) in the West Village like moths to a flame! Indeed, you'll find the likes of Selena Gomez, Tyson Beckford and Snoop Dogg dropping it like it's hot on any given night! There's something for everyone, with upstairs all about hip-hop, the high life and bottle service, while downstairs is a more casual affair with serious hipster vibes. Hot tip – go during the week as celebs rarely party on the weekend.

If jazz is more your thing, then head to Top Of The Standard (5) – formerly known as the Boom Boom Room – in the Meatpacking District. It hosted the Met Gala afterparty last year, where the likes of Adriana Lima, Robert Pattinson and Jessica Alba schmoozed in its luxe gold surrounds. With 360-degree views of New York, it's easy to see why Rita Ora and Katy Perry rang in 2015 at this 18th-floor cocktail lounge.

STAY

With the Lower East Side the hipster place to be seen, it's no wonder The Bowery Hotel's (6) guest list reads like a Young Hollywood roll call, with Zayn Malik, Gigi Hadid, Cara Delevingne, Diane Kruger laying their heads amidst the vintage decor. Dozens of trendy new restaurants pepper the 'hood, it's in close proximity to shopping haven SoHo, and rooms start at \$480 per night. Nice!

Fancy something a little more schmancy? Check into The Carlyle (7), A Rosewood Hotel on Madison Avenue. This posh Upper East Side haunt has hosted Victoria Beckham during Fashion Week, while Rihanna prepped there for last year's Met Gala. Deluxe suites have entrance foyers the size of our bedrooms, so there's plenty of space to primp! But prepare to fork out at least \$900 for the suite life!

For the ultimate exclusive experience, try the opulent Gramercy Park Hotel (8) in Union Square, as favoured by Madonna and Khloe Kardashian. For the duration of your stay, you'll get a key to New York's only private park, Gramercy Park, making you feel like a real celeb! How very *Secret Garden*!

BRUNCH

The Sarabeth's
brunch diet
- all the celebs
are doing it!

Celeb spotting's
as easy as
ABC Cocina!

If we learnt anything thing from *Sex And The City*, it's that brunch is a New York institution. And, appropriately, the Big Apple has plenty of joints that specialise in it.

Environmentally friendly and casually chic, ABC Cocina (9) on Union Square draws Hollywood's most eco-conscious eaters, with Oprah Winfrey, Jessica Alba and John Mayer once all stopping by at the same time! We hear none of them acknowledged each other, but who has time for chit-chat when there's guacamole with ruby grapefruit salsa and crunchy tortillas to dig into?

For those with a sweet tooth like Karlie Kloss and Chrissy Teigen, Sarabeth's (10) is the go. Its decadent baked goods and legendary spreadable fruit preserves would make Mrs Fields want to close up shop! All five locations of this cottage-style cafe get busy on weekends, so pop in early as lines can be up to an hour long - or head to the one near Central Park, order to-go and brunch al fresco instead. Chow down on the classic pumpkin waffles - you'll want seconds!

Aquarius JAN 21 – FEB 19

Positive influences from the Moon and Mars should make you a force to be reckoned with in coming days. Nothing you do will be questioned because everyone sees you're full of ideas. A word of caution – don't get too big for your boots. You want to be a feted figure not a hated one.

Taurus APRIL 21 – MAY 21

Mars is making you more emotional than usual, and that's not such a bad thing. An intense conversation with a partner or mate could bring you much closer. Being honest about your feelings doesn't always provide happy outcomes. This week, opening up to a loved one is the way forward.

Leo JULY 24 – AUG 23

Your social affairs need attention over the next seven days. You've been so wrapped up in work and domestic obligations, friends are beginning to think you don't care. Get in touch with as many as you can. While you don't have to make immediate plans, at least get the ball rolling.

Scorpio OCT 24 – NOV 22

Avoid letting Venus make you seem cruel when it comes to affairs of the heart. That's easier said than done, of course, if a suitor has just done something to annoy you. Nevertheless, a tense love situation can be sorted out easily – provided you can show some compassion.

Pisces FEB 20 – MAR 20

Mercury reckons you'll need to compromise if you want a romantic relationship to have any future. Sadly, a present partner or former flame isn't backing down over an issue that's close to both of your hearts. If you're unwilling to sacrifice your beliefs, cut your losses now.

Gemini MAY 22 – JUNE 21

Please bear in mind your love planet Jupiter is still retrograde. So, while your romantic intentions might be good, your significant other may not want to play ball. Try not to sulk and just back off. Uncoupled Twin types shouldn't actively chase potential suitors. Let them do the leg work.

Virgo AUG 24 – SEPT 23

With the Moon making your life difficult at present, just go with the flow. Fighting people or battling against frustrating situations isn't going to bring you any joy. Resigning yourself to fate will work to your advantage. And at least you won't end up so stressed in the meantime.

Sagittarius NOV 23 – DEC 21

As much as planetary patterns might be compelling you to greater heights at work, don't forget to appreciate your loved ones at home – more so, if they live long-distance. This week, do as much as you can to thank them for their support. That way, you can rest assured you'll continue to get it!

Aries MAR 21 – APRIL 20

Fearless Ram girls are the first to rush to someone's defence, but this week astro-trends recommend you steer clear. Getting involved in a situation you know little about could land you in hot water. At work, let colleagues fight their own battles and focus on impressing your boss.

Cancer JUNE 22 – JULY 23

Solar activity suggests you need to get outstanding financial paperwork sorted – and that includes lingering legal contracts. Also, devote time to culling unnecessary expenses so you can keep household budgets under control. Boring, yes, but you'll feel less chaotic when you're done.

Libra SEPT 24 – OCT 23

Meetings with strangers feature heavily in the Libran chart right now. Be they potential employers, lovers or friends, trust your gut and don't be dazzled by words or actions alone. This star-gazer senses that some of the new people you'll meet won't be worth giving the time of day.

Capricorn DEC 22 – JAN 20

There may be a lot of naysayers in your midst but Neptune urges you to stand up for what you believe in. If it's a current romance that's been questioned by your nearest and dearest, explain why it's none of their business. Better still, invite your other half to take part in discussions.

The BIG NW turn on

LAURA CARMICHAEL

I LOVE PLAYING THE DOWDY SISTER

It's the sixth and final season of hit Brit series *Downton Abbey* and we can't wait to see what 1925 has in store for our faves, particularly Lady Edith (below).

Now 13 years on from when the first episode was set, have times changed enough to allow Edith to raise her

illegitimate daughter Marigold at Downton? And will she and Lady Mary finally make amends?

"There is an element of respect and love there. It's just frosted in the guise of bitterness!" says **Laura Carmichael**, who plays seriously bitchy sister Edith.

"There's a lot of [bitterness] this season, because they're both becoming these successful women in different ways."

And while some actresses might have baulked at playing such an unappealing character, the 29-year-old insists it's done wonders for her self-esteem.

"I knew she was the unloved one, the mean one," says Laura. "[But I was] delighted because it's much more fun playing someone who's a bit bitchy!"

"I probably end up with more confidence than anyone

because when people meet me they say, 'Oh, you're nowhere near as dowdy as we thought you were!'"

Well, we guess that's one way to look at it!

But as the last episodes air – *sob* – will we get the answers we need before the show quits for good?

***Downton Abbey* Season Six premieres next week on Seven**

Downton wraps up!

THE QUESTIONS WE NEED ANSWERED NOW...

WILL MARY FALL IN LOVE AGAIN?

With Mary (below) busy running Downton, romance has taken a back seat. But will the return of Henry Talbot (also below) signal a change of heart for the widow?

PRISON FOR ANNA?

Things never run smoothly for Anna and John Bates, and while she's been out on bail, the investigation into the death of her rapist Mr Green is still ongoing. Seriously, this couple need a break!

BRANSON & EDITH?

Tom Branson, Edith's sister Sybil's widower, returns. Could they fall in love? They get along well and both have kids to look after...

WHO GETS MARRIED?

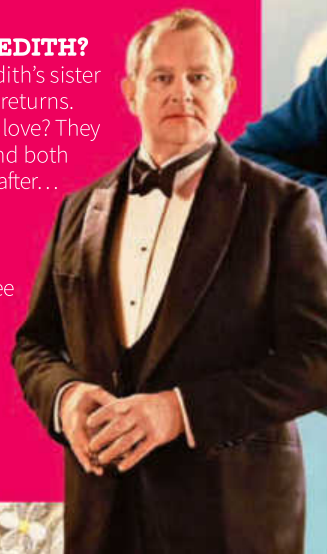

There are rumours of three weddings this season, and one of them has to be between the newly engaged Mr Carson and Mrs Hughes! Could the other brides be Edith and Mary?

WHO WILL DIE?

We hear a death will rock Downton. Could the tough Countess Dowager be the one to go? Or is time up for baddie butler Thomas Barrow?

LOSING DOWNTON?

Will hard times see Lord Grantham (right) and the Lady go without servants? Or, worse still, their home?!

JESSICA'S Spaced out!

Jessica Chastain's character Melissa Lewis has her work cut out for her in the box-office smash *The Martian*, when she's sent to help rescue botanist space explorer Mark Watney (played by **Matt Damon**) stranded on Mars.

And while in reality Jess kept both feet firmly on the ground during filming, she reckons it was just as dangerous as doing it for real!

"We all had our own oxygen supply that sometimes would turn off," she tells *NW*. "You would just suddenly notice that you would be breathing really heavy... and then condensation would appear on your helmet."

And it looks like making the movie has got the 38-year-old dreaming of distant places.

"In our lifetime we're going to watch people go to Mars!" she adds.

Hmm, we'll stick to vacays in Bali!

The Martian is out Wednesday on DVD

THE WALKING DEAD WHO'S FOR THE CHOP?

As the show returns for the second part of the sixth season, we're finally about to learn the fate of Rick Grimes and the rest of the survivors from Alexandria after their haven was overrun by zombies. And it looks grim.

"There's certainly a lot of death this season," confirms creator **Robert Kirkman**. So who's going down?

FATHER GABRIEL

Let's be honest, **Seth Gilliam's** character lost fans when he let his parishioners die while he stayed huddled in his church. He needs to go!

DARYL DIXON

He was last seen being captured by a gang, and leaked footage has showed Negan bashing someone to death - Daryl, possibly?! Plus, actor **Norman Reedus** has other TV projects up his sleeve. Hmm.

The Walking Dead returns next Monday 1.30pm (Express) and 8.30pm on FX

ABRAHAM FORD

The loose cannon could well be one of the unlucky ones to bow out, especially as actor **Michael Cudlitz** admits, "In the book, he dies."

Zoolander's back!

'Models never retire

Yep, Derek's proof that you can't keep a good supermodel down

More than a decade after Derek Zoolander had us all wishing we were really, really ridiculously good-looking, he's back to stop the world's most beautiful people from being assassinated. And all the victims have one thing in common – they're rocking his trademark Blue Steel look when they cark it!

Co-written by **Jennifer Aniston's** hubby **Justin Theroux**, *Zoolander 2* sees Derek (Ben Stiller) and fellow male model Hansel McDonald (Owen Wilson) infiltrate the world of high-fashion to put a stop to these terrible crimes. But it's been a while since the duo have been big in

the modelling world – can they reclaim their cool and complete the mission?

Well, if anything can give Derek back his street cred, it's got to be this interview with *US Vogue*. Deep, man!

Where would you spend retirement? Models don't retire. They get turned into glue. It's better that way.

It's a cover-off!

Ben graces US Vogue with mega-babe co-star Penelope Cruz.

What's your spirit animal?

I don't believe in using animals for their spirits, only for their fur.

What's your favourite movie of all time? The one with the dinosaurs. *Best Exotic Marigold Hotel*. That was really scary.

How about a movie that made you cry? *12 Years A Slave*. Brad Pitt's highlights were just so perfect.

What's your favourite colour? I don't see race, but probably Chinese.

Who are you wearing right now? Oh, this isn't a person – it's a velveteen Napoleon jacket.

Do you have a favourite painter? The guy who did my loft last year was pretty good, but a little pricey.

What's your favourite website? It's kind of up to the spider.

Are you on Instagram? Do I look like I'm on Instagram? I've always tested clean.

What's your favourite app? Probably Instagram.

How would you describe your relationship with Hansel? Probably with words.

What's the last hobby you picked up? Knitting... my brows.

What are you reading right now? The teleprompter.

What's your favourite drink? Water with a lemon slice.

What's your favourite food? Water with a lime slice.

What's your guilty pleasure? Water with a cucumber slice.

Least favourite foods? Solids.

What's your New Year's resolution for 2016? I can't think five years ahead.

Zoolander 2 is in cinemas Thursday

Kanye & Zoolander ACTUAL TWINS

Yep, Yeezy is basically the same person as Derek...

PARTNERS IN CRIME

High-fashion veterans Derek and Hansel frown upon Penelope Cruz's character Valentina, who in their eyes is a mere swimsuit model. But the boobylicious babe doubles as a kickass Interpol agent!

KANYE SAYS A LOT OF POINTLESS THINGS
"I am God's vessel. But my greatest pain in life is that I will never be able to see myself perform live."

SO DOES DEREK...
"[The hardest part of modeling is] the chafing. There's a lot of chafing going on out there and nobody wants to talk about it. Let's begin the conversation."

FRAPPUCCINOS ALL THE WAY
Posing with this delish icy beverage is, like, the coolest statement ever!

THEY ONLY HAVE ONE EXPRESSION
Derek prides himself on having an array of facial expressions, all of which are totally the same. Likewise, Kanye's been rocking the same scowl for years.

THEY CAN SERIOUSLY PULL OFF A SNAKESKIN JACKET

No-one rocks this tricky animal-print two-piece like these guys!

THEY LOVE CRASHING AWARDS SHOWS
From Kanye interrupting Taylor Swift's speech to Derek grabbing Hansel's Model Of The Year gong, neither has any qualms about storming the stage.

Zoolander's little black book

There's a who's who in No. 2!

ARIANA GRANDE
Co-star Susan Sarandon spoils Ariana's big surprise last July, spilling, "We did Zoolander 2 together, in Rome."

JUSTIN BIEBER
Spoiler alert! "Oh fudge!" says Biebs as he falls victim to a plan to kill the world's most beautiful people.

BENEDICT CUMBERBATCH
Playing an androgynous model, the Brit is asked by Derek and Hansel if he has "a hot dog or a bun!"

ANNA WINTOUR
Of course, the queen of fashion had to play herself!

KATY PERRY
Katy announced her cameo last month via a hilarious Instagram vid co-starring Derek himself.

'I'VE GOT KIM BACK!'

The *RHOBH* sisters are at war no more!

In the current series of *The Real Housewives Of Beverly Hills*, Kyle Richards can barely even hear her troubled sister Kim's name without breaking down in tears!

But we can reveal that things have moved forward in a big way for the warring siblings.

Yep, Kyle reveals they're in a much better place, with Kim, 51, now making more positive life choices following her worrying behaviour last year – which included getting arrested for public intoxication in April and shoplifting in June.

"We are so much better than we were," Kyle, 47, reveals. "We're a work in progress but moving forward. We didn't see each other for a long time, now we do."

"It's nice because I'm very close with her children and my kids adore her kids."

And Kyle's proved that she's firmly back in Kim's corner, slamming *RHOBH* co-star Lisa Rinna, 52, for labelling the recovering alcoholic "dangerous" and accusing

Kyle says Kim is "stronger and happier" now.

MKR's Lynzey has flex appeal!

This time last year, *My Kitchen Rules* star Lynzey Murphy was cooking up a storm with her cowboy dad Robert. And just to make sure we haven't forgotten her, um, form, the 24-year-old shared this stretchy shot of herself on Instagram last week!

"In my itty bitty Brazilian bikini" she captioned the bootylicious snap. Girl is ripped!

Lisa Vanderpump

'I'm sorry, Yolanda!'

RHOBH queen bee Lisa Vanderpump is the last person we'd expect to apologise, but she's been forced to backtrack after dragging co-star Yolanda Foster's kids, Bella, 19, and Anwar Hadid, 16, into the drama.

In a recent episode, Lisa relayed statements from their dad Mohamed Hadid that appeared to confirm that, contrary to Yolanda's story, the children don't have Lyme Disease. But Lisa, 55, obviously knew she'd gone too far, rushing to publish an apology on her blog.

"Mohamed had always said [the kids] were fine," she wrote. "I obviously interpreted that as [meaning] they were not infected by this insidious disease... I understood them to be healthy. I love and adore all three of them, for sure. I regret even acknowledging the subject, but we live, and we learn."

'It's been a hard time,' a teary Kim admits on the new show

HARSH REALITY

The former *RHOBH* star and her daughter Kimberly tackle hard truths on *The Mother/Daughter Experiment* as they work with therapist Dr Debbie Magids over eight weeks. Fellow reality stars Heidi Montag, Courtney Stodden and their mums also bring the drama.

Emotions run wild for Kim and long-suffering daughter Kimberly

her of not having "the tools to live in this society".

"I was extremely offended," Kyle admitted during a recent appearance on *Watch What Happens: Live*. "Clearly my sister was going through a hard time and she showed a lack of compassion, and she was not a good friend to me by making comments like that. I'm not happy."

Meanwhile, Kim has amped up her recovery by signing on for new reality series *The*

Mother/Daughter Experiment: Celebrity Edition, which kicks off in the US on March 1.

The show follows six celeb mum-and-daughter duos as they undergo intense therapy to resolve their issues.

Let's hope it works - we'd love to see Kim back on *RHOBH* full-time!

Stassi 'JAX IS STEVEN AVERY!'

There's a lot of things you could say about *Vanderpump Rules* star Jax Taylor, but comparing him to *Making A Murderer* star Steven Avery is a bit harsh, even by Stassi Schroeder's standards!

Following a heartfelt apology by Jax, 36 - who allegedly shoplifted a pair of sunnies in Hawaii last July -

his ex-girlfriend Stassi, 27, showed no mercy during an appearance on *Watch What Happens: Live*.

"I feel like I was just watching *Making A Murderer*," she dissed.

We take it she's not buying his sorries then!

Vanderpump Rules airs 8.30pm Tuesday on Arena

Element of doubt

"He was being genuine. Shut up Stassi," wrote one Jax fan on Facebook.

BRANDI snaps!

Ask an honest question, get an honest answer from *NW*'s straight-shooting agony aunt Brandi Glanville!

Hi Brandi, I've got a crush on a guy at work and I can't even look him in the eye! He's also single but I don't want to put myself out there in case he laughs - then I'll never be able to go to work again! I do get the vibe he might like me too, but I can't risk the humiliation. We have work drinks coming up soon. How can I find out if he likes me without revealing my feelings? Sophie, NSW

"Honey, we're not in school anymore. We women have the power and we can do anything, including manipulating this situation - it's called eye contact, hair flip and cleavage! Body language, girl! Everyone lets their inhibitions down after a little vino, so your time is upon us. F**k him with your eyes, arch your back and you'll know if he's into you or not. No risk, no reward. But, honestly, I think you should date outside of your workplace - unless, of course, it's the boss man!"

Dear Brandi

I think my dad is having an affair. I've always thought my parents had the best relationship and I'm devastated. My mum doesn't have a clue, but I've noticed him being sneaky with his phone and he's been going away on "fishing weekends" a lot. Mum found a nail polish in the car the other day that wasn't hers and I panicked and said it was mine, but now I feel terrible I've helped to cover it up! Jess, QLD

"Oh, Jess, I'm sorry that you're feeling this way and I really do understand. The best thing that you can do is sit your dad down for a heart-to-heart. Tell him how you're feeling and the truth about what you think - talk and also listen to him. As we age, some couples naturally grow apart. I have zero tolerance for cheating, and you should share with your dad that you love him and respect him, but he needs to be honest and tell your mum the truth. Lying and dishonesty hurts everyone."

hat to Kim for having fun with photo shoots."

We tip our hat to you too, MJ! It takes major kahunas to let it all hang out...

You're very brave. Did you enjoy posing nude like Kim for our sexy shoot? Yes! But, for me, this shoot isn't about nudity, it's more about stepping outside of my perception of my own boundaries. I chose to do it at a time when I was least comfortable with my body because of the Christmas holidays when we typically gain some holiday dessert weight.

Props to you! So why did you choose to re-create Kim's shoot? Kim's always been visually inspiring to me. She does what she wants, regardless of the incessant backlash and critique. I also admire Khloe [Kardashian] for sharing her very inspiring journey towards treating her body better.

What do you do to look after your body? Tommy and I take

hikes and go swimming. We want to try paddle-boarding next. The main thing is to always try something new to keep it interesting. But my size doesn't define me, or how I feel about myself.

Will you go into diet mode for the big day? I don't believe in dieting to be a bride. I also won't be one to pressure my bridesmaid to slim down for my day. These type of things kill the romance of planning a wedding. I think brides who slim to become a certain weight or size for a wedding day are missing the big picture.

A wedding is one thing, but a marriage lasts longer. **How are the wedding plans coming along?** The talks surrounding wedding details are so funny and complicated! Both sides of our family want a lot of things, so I think it's going to be a big affair. I'm also very tempted to elope, but that's not going to fly. So far, I'm just enjoying being in love and engaged.

Did you wonder whether

you'd find The One after your romance with Charlie? There were times when I thought I may never find someone right for me. Passion and compatibility in love seem so hard to come by and I wouldn't settle for someone I didn't feel meant to be with. I feel very blessed in love now. **Are kids next on the agenda?** I froze my eggs last year, so I hope that we'll soon begin to plan a family after we wed. If we choose not to have biological children, I've wanted to foster orphaned children. It was something I thought about ever since I was a little girl, after watching the musical *Annie*.

What can we expect on the upcoming season of *Shahs*? The new season of *Shahs* is so exciting, I cannot wait. A lot of changes happen with all of us this year...

Queen Cate's country castle

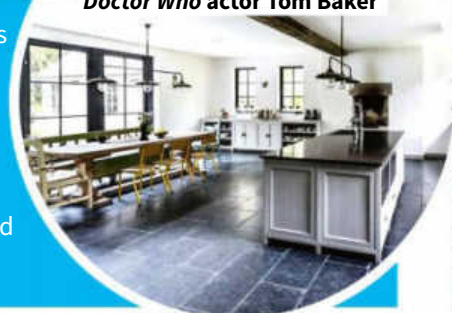

Make way for the lady of the manor! After selling their \$20 million Sydney pad, two-time Oscar winner Cate Blanchett and her husband Andrew Upton have splashed \$6.1 million on Highwell House, a sprawling seven-bedroom mansion in the English village of Crowborough, East Sussex. Talk about house envy!

Originally built in 1890, the historic Victorian manor boasts five reception rooms, seven bathrooms and 50,000sqm of English country garden. What's more, the posh palace features antique chandeliers, polished hardwood floors, working fireplaces and a newly renovated modern kitchen. So jell!

And if Cate ever needs to borrow a cup of sugar, she can call on her new neighbours Kate Winslet and Adele, who both live nearby!

The posh pad has previously been owned by Sir Arthur Conan Doyle and former *Doctor Who* actor Tom Baker

Um...feeling a little nippy, Rita?

Looks like Rita Ora has got something to get off her, er, chest!

The Brit babe bares her boobs on the cover of French mag *Lui*'s February issue and she doesn't give a damn what anyone thinks.

"FREEDOM" Being ME without permission," the pop star unapologetically wrote on Instagram alongside a shot of the racy cover, shot by creepy celeb snapper Terry Richardson (enough said right there!).

Well, if you've got 'em, flaunt 'em, right?

REMEMBER WHEN...

...Ellen DeGeneres was a teeny-tiny tot? To celebrate her 58th birthday, the talk-show host took a trip down memory lane, 'gramming took a sweet pic of herself as a baby. "This is where it all started. Thursday is my birthday show! That's the best part about being a celebrity. You can have as many birthdays as you want," she captioned the throwback snap.

Bag Lady!

Chloe Moretz transforms into a free-spirited boho babe for her latest print campaign for Coach's Spring/Summer 2016 collection. Gorge! Posing alongside an adorbs French bulldog named Sky, *The 5th Wave* actress is channelling major '70s vibes while showing off the new arm candy, which includes the must-have Swagger 27 handbag. We want! "Loving my new Coach Campaign !! #BringOnSpring !!! @coach @stuartvevers," Chloe gushed on Instagram, alongside a pic from the shoot. And it's not the first time Chloe's modelled for the luxe brand, having starred in their Spring/Summer 2015 campaign. "Coach is a really fun, really cool brand. It's all covet-worthy," she says. "I love Stuart [Vevers, Coach's creative director], I love what he's doing. It's always on point, always so fun and so interesting." Just like you, Chloe!
